Whereas, Article XIV, Section 13, of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in the cases of emergency, when special appropriations may be made to meet the same; and,

Whereas, The Director of the Department of Parks and Recreation by letter dated December 8, 1964, informed the Mayor, City Council and the City Controller that thirty-eight (38) employees of the Department of Parks and Recreation were required during the first nine (9) months of 1964 to perform extra-skill duties, above and beyond their required type of work, on a temporary basis, because of the temporary impossibility of replacing absent employees and because of the pressing necessity of performance of the extra-skill work; and,

Whereas, In accordance with departmental standards and practice, such temporary assignments are to be compensated by payment for additional hours of work as set forth in the ordinance to which this certificate pertains; and,

Whereas, No additional funds need be appropriated but warrants must be issued to these thirty-eight (38) employees in various amounts totaling Three thousand five hundred seven dollars and sixty-eight cents (\$3,507.68); and,

Whereas, Such appears to be good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the issuance of warrants totaling Three thousand five hundred seven dollars and sixty-eight cents (\$3,507.68), to be paid from Code Accounts Nos. 1811, 1813, 1815-1, 1816-1, 1817-1, 1819, 1821, 1823, 1825 and 1827, all of which Code Accounts are within the Department of Parks and Recreation, for the purposes hereinbefore set forth.

Pittsburgh, January 12, 1965.

George Boxheimer,  
Clerk of Council.

Dear Sir:

Please call a special meeting of Council for Thursday, January 14, 1965, at 12:00 o'clock, noon, for the purpose of acting upon an emergency ordinance transferring \$2,584.00 from Code Account 1443 to Code Account 1444, to pay wages to School Guards.

#### PUBLIC NOTICE OF SPECIAL MEETING OF CITY COUNCIL

TAKE NOTICE That a special meeting of the City Council of the City of Pittsburgh will be held on Thursday, January 14, 1965, at 12 o'clock noon EST in the Council Chambers, Fifth Floor, City-County Building, Grant Street, Pittsburgh, Pa., for the purpose of considering a proposed ordinance for the emergency transfer of \$2,584.00 from Department of Public Safety Code Account No. 1443, Salary, Regular Employees, to Department of Public Safety Code Account No. 1444, School Traffic Program, Wages, in order to provide sufficient funds for the final 1964 payroll for school guards.

Submitted by

George Boxheimer  
City Clerk

Present:—

Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Jordon	Mr. Fagan
Mr. Kamyk	(Pres't)

Absent:— Mr. Baskin, Mr. Gallagher.

The meeting was opened by the recitation of the pledge of allegiance to the flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Mr. Counahan (for Mr. Baskin)  
presented

No. 1459.

Whereas, Article XIV, Section 13 of the

Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. D. 461, provides that all appropriations shall be made annually by general ordinance except in the cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Safety in letters addressed to the Mayor and the City Controller, under date of January 12, 1965, states that there exists in Code Account No. 1444, School Traffic Program—Wages, a deficit of \$2,584.00 which deficit has resulted from the number of man-days allotted to the School Crossing Guard program in 1964 exceeding the allotment provided by the 1964 budget; and

Whereas, The School Crossing Guard program is important to the public safety; and

Whereas, The salaries of the School Crossing Guards as well as all City employees have already been delayed a week; and

Whereas, Further delay in payment of the said salaries would work undue hardships upon said employees; and

Whereas, Additional funds of \$2,584.00 are needed to meet these payroll charges for the period ending December 31, 1964; and

Whereas, Because accounts for 1964 will be closed on January 15, 1965, transfer of such additional funds must be accomplished before that date; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the transfer of the additional sum of \$2,584.00 to Code Account No. 1444, School Traffic Program—Wages, said transfer to be made from Code Account No. 1443, Salaries, Regular Em-

ployees, Department of Public Safety, for the purpose hereinbefore set forth.

JOSEPH M. BARR  
Mayor

EDWARD R. FREY  
City Controller

Dated: January 13, 1965.

Which was read, received and filed.

Also

No. 1460. An Ordinance entitled, "An Ordinance transferring \$2,584.00 from Code Account No. 1443, Salaries, Regular Employees, to Code Account No. 1444, School Traffic Program—Wages, Bureau of Police, Department of Public Safety."

The Chair:

--

Members of Council: There is a very important matter I would like to bring to the attention of the Members of Council of the City of Pittsburgh and those assembled in the Council Chamber this afternoon.

Yesterday a great statesman, Sir Winston Churchill died. He was a man of honor, a man of integrity, a man of ability, and he had the most intestinal fortitude of any statesman in the history of our country and in the history of Europe and the world in the past hundred years.

I think we are all sitting here this afternoon as free men and women because of what this great statesman, this great warrior did on behalf of all of us. A lot of people said during World War II that it was an imperialistic war. But in the final analysis the English, the French and all of those in Europe who believed

in freedom were fighting for the right to live. They weren't fighting for a monarchy, for a republic or for an economic system or for a political or social system. They were fighting for the right to live. Later, of course, we joined them and crushed two of the greatest tyrants we have had in the world in the last thousand years. Nobody played a more prominent part in doing that than Winston Churchill, the late, great Franklin D. Roosevelt (of happy memory) and the gallant men and women who played a part in bringing about the defeat of Hitler, better known as Mr. Schicklgruber. He and the other great buffoon in Italy are both lying on a hillside today.

I think it would be very fitting if some member of Council would make a motion to adjourn this session of Council out of respect to the memory of this great statesman by a rising vote and a moment of prayer. Instead of a silent prayer, I think it would be very fitting to have a vocal prayer to honor the memory of Sir Winston Churchill.

Mr. Baskin :

Mr. President:

I move that when Council adjourns

it adjourns out of respect to the memory of Winston Churchill, former Prime Minister of Great Britain who died Sunday, January 24, 1965.

Upon which motion the Chair asked that this motion be adopted by saying the Lord's Prayer.

#### The Chair:

Since we have a number of different ethnic groups represented in Council, I will recite the Lord's Prayer the way I do in my church and you can do the same:

Our Father, Who art in heaven, hallowed be Thy name: Thy kingdom come: Thy will be done on earth as it is in heaven. Give us this day our daily bread and forgive us our trespasses, as we forgive those who trespass against us. And lead us not into temptation; but deliver us from evil. Amen.

And the question recurring on the motion of Mr. Baskin, the motion prevailed.

And thereupon,

Council adjourned.

FRATERNAL ORDER OF POLICE  
FORT PITT LODGE No. 1

Pittsburgh, January 25, 1965

Honorable Members Of City Council  
City County Building  
Pittsburgh, Penna.

Dear Sir:

At a regular meeting held Jan. 21, Fort Pitt Lodge No. 1, Fraternal Order of Police, representing 1500 members, unanimously passed a Motion to protest the printed statement made by President of City Council, Patrick Fagan, in the Pittsburgh Press, Wednesday, Jan. 20, 1965: Quote—Mr. Fagan disputed the police claim that the 80-mph the six-cylinder is capable of isn't adequate for patrol work. How many miles an hour do they need to catch these guys robbing banks here every day? They don't put anybody in jail.—End of Quote.

This, in the Police estimation, is the

most idiotic and asinine statement ever made by any Public Official representing the citizens of the City of Pittsburgh. Mr. Fagan as the President of City Council, as part of his duties in office, must know and keep abreast of all daily occurrences affecting the lives and property of each and every citizen in the City of Pittsburgh. We, who are the Law Enforcement Officers of the City, wish to enlighten Councilman Fagan, the Members of City Council, and every citizen in the City of Pittsburgh, of the True Facts of the Record of Arrests Made by the Police in the City in 1964:

24,522 Arrests were made by the Members of the Bureau of Police.

8,000 of these Arrests resulted in Court Trials—and further

1,648 of these Lawbreakers were convicted in City Magistrate Courts resulting in their incarceration either in Allegheny County Jail or the Allegheny County Workhouse.

And lastly, that a copy of this letter be sent to the Mayor, the Members of City Council, and members of the news media who were present when Councilman Fagan uttered this outrageous and diabolic falsehood; that this letter be entered into the record of City Council, and a public apology be made by Councilman Fagan to correct his statement "That the Police Don't Put Anybody In Jail".

President  
Fort Pitt Lodge No. 1, FOP

Dominick Presto

Joseph E. Stanek, President, and  
Dominick Presto, Recording Secretary,  
Fort Pitt Lodge No. 1,  
Fraternal Order of Police,  
Pittsburgh, Pa. 15230.

Gentlemen:

This is to acknowledge receipt of letter addressed to the Honorable Members of City Council, attention, George Boxheimer, dated January 25, 1965, with reference to statements attributed to me during the discussion on the question of the purchase of motor vehicles (police cruisers) for the use of the Bureau of Police, Department of Public Safety.

The part I played in the discussion on this question appears in the minutes of the proceedings of the Committee on Public Works of the meeting held Tuesday, January 19, 1965. On page 369 of the Minute Book of the Committee on Public Works of the meeting referred to above you will find that the first man who spoke concerning this matter was John F. Counahan; and the minutes continue on page 370, and on this page you will note that Patrick T. Fagan said, "There was a monumental blunder on the part of somebody. Council should find out. The Director of the Department of Public Works received a communication from the Department of Public Safety. It was in the newspapers last night. As Mr. Counahan has stated, there isn't any doubt about it, that the three departments involved should work it out. We should get a written statement from all three as to all of the facts of the situation. Also, as Mr. Kuhn said, Mr. Leo Gill knows all about his business." Then followed remarks by Mrs. D'Ascenzo, Mr. Counahan and Mr. Leslie. Then your humble servant Councilman Patrick T. Fagan spoke and I quote—"In the final analysis, it is supposed to go to the lowest responsible bidder. We have had bank robberies, and nobody has been put in jail. After all, Mr. Gill says he went to Louisville, Kentucky, and they (the motor vehicles) proved satisfactory. They say they will go eighty (80) miles an hour. We have had bank robberies, and nobody has been put in jail."

My statement referred to the recent series of bank robberies and not other police actions.

I merely made a statement at the meeting of the Committee on Public Works as referred to above; and, of course, in your unsigned communication

to City Council you use a lot of adjectives which I can say without fear of successful contradiction they do not apply to me.

I know that there are a lot of outstanding men on the Pittsburgh Police Force. To cite a few of the outstanding members of the Police Bureau are Eugene Coon, Detective Captain of the Homicide Squad, and Thomas Martin, Assistant Superintendent of Police, in charge of the Traffic Division. I have the highest admiration for these officers and all the men under them, and these police officials are doing an outstanding job in preventing crime and apprehending criminals. As I said, these officials are doing an excellent job and I admire them; in fact, I respect and admire every member of the Police Force who is living up to the obligation that he took when appointed by previous Mayors and the present Mayor and the Directors of the Department of Public Safety.

My mind goes back to a few years ago, under your administration, Mr. Stanek, when you wanted me impeached and charged me with misfeasance and malfeasance in office because I had an argument with a member of the Pittsburgh Police Force, who deliberately and maliciously made a statement that "I did a 'buck' at one time in my life", and I confronted him and asked him to tell me who said this, and he said it was Charles McGovern. By "buck" he was implying I had once been a scab—the worst charge you can make against a dedicated Labor man. I immediately tried to contact Mr. McGovern who was absent from the city, but on his return I told him of the incident and asked him if he knew Lieutenant Baker. He said "casually", and I asked him if he had any conversation about me or my reputation or character, and he said "no". I asked him, "Did you ever tell him that I was a scab?" He replied not in initials and said that "He was a god-dam liar". I returned to Lieutenant Baker and told him what Mr. McGovern had said. He did not refute what Mr. McGovern had said. Of course, you know who Lieutenant Baker is and all about him. I understand that he is no longer a member of the Pittsburgh Police Force.

Let me say to the Officers and Mem-

bers of the Fraternal Order of Police, Fort Pitt Lodge No. 1, that I have been in Allegheny County for the past fifty-four years. Since February 1920, I was officially connected with the United Mine Workers of America and had offices in the First National Bank Building, later in the Columbia Bank Building, and later in the Commonwealth Building. My life is an open book, both in Labor and in Government. When I represented Labor I gave them the best that was in me and I served them with honor and distinction.

As a representative of the citizens of the City of Pittsburgh in the capacity of a Councilman and now as President of City Council, I am doing everything humanly possible to make Pittsburgh a better city in which to live, work and play. As a public servant I have given of my time, my effort, my energy and my intellect in looking after the welfare of all the citizens of the City of Pittsburgh.

If I have said anything detrimental or attacked any individual in or on the police force of the City of Pittsburgh, I am big enough to apologize; but if you peruse the statements I mentioned in the second paragraph of this letter care-

fully, candidly, open and above board you will find that there is no statement carried therein or in the daily newspapers attributed to me that is detrimental to the Pittsburgh Police Bureau.

Very truly yours,

PATRICK T. FAGAN

Which was read.

Mr. Counahan moved

That Bill No. 1571 be received and filed, and that Mr. Fagan's reply be printed in full in the record of today's Council meeting, and a copy forwarded to the Fraternal Order of Police.

Which motion prevailed. --

Mr. Leslie moved

That the Minutes of Council of Monday, February 1, 1965 be approved.

Which motion prevailed.

And on the motion of Mr. Counahan,

Council adjourned.

The Chair:

Members of Council:

I would like to have a little information on Bill No. 1590, File No. 850. I understood that the purchase price for the property contained in this ordinance was to be \$35,000.00. Now I see it listed as \$36,500.00. How did that happen? Is anybody able to explain that?

Mrs. D'Ascenzo:

Mr. President, I think the explanation is given in the ordinance itself. It says, "... \$1500 is hereby appropriated to defray the City's share of closing costs and title examination ..."

The Chair:

I thought we agreed on \$35,000?

Mr. Kamyk:

The cost of the property is \$35,000,

but there will be certain costs in title searching and so forth. There is \$1500 appropriated for that purpose.

**The Chair:**

I thought that was going to be paid by the owner for this white elephant. I thought we were buying this property from an undertaker. Doesn't he own that building?

**Mrs. D'Ascenzo:**

I don't know that. This is probably his real estate agent.

**Mr. Kamyk:**

That's what it is. It is a real estate agent.

**The Chair:**

I thought we were buying it from the undertaker. We had an appraiser. He said \$35,000 was the price. Now I see in Section 2 of the bill that the price has gone up to \$36,500.

**Mr. Kamyk:**

That \$1500 is the amount that will be expended for various costs in effecting this transfer.

**The Chair:**

Well, we were buying it from the owner.

**Mr. Kamyk:**

He is still only going to get \$35,000.

**The Chair:**

And the second party is going to get \$1500.

**Mr. Kamyk:**

That is for expenses involved in effecting the transfer.

**The Chair:**

It says \$36,500.00 will be the total cost.

**Mr. Kuhn:**

Mr. President, as I understand this, \$1500 is appropriated to defray the City's share of closing costs and title examination. That, I presume, would be paid to the title examiner or the title insurance company and would cover any of the closing costs which would be attributable to the City, the proration of the real estate taxes for the year it is sold and any other closing expenses attributable to the City.

**The Chair:**

Why should we pay anything for the man whose building we are taking off his hands?

How much did the appraisal cost? Two hundred dollars would be a fabulous sum.

**Mrs. D'Ascenzo:**

Seventy-five dollars.

**The Chair:**

The other, then, is gravy for somebody. That's what it is.

**Mr. Kuhn:**

I don't think that's correct. I don't think that correctly characterizes the expenses in a real estate transaction. Title insurance is not gravy; it is insurance. If the City takes title insurance on land which is acquired with taxpayers' money, the cost of it is a proper one.

The proration of taxes under a standard form of real estate sales agreement is the typical way in which a real estate transaction is conducted by parties in Allegheny County and in Pennsylvania. There is nothing improper about this. As a matter of fact, it is the usual way in which real estate transactions are closed.

If, however, the questions raised about this and which could have been answered in Committee last week are this serious, I suggest perhaps this be recommitted and the City Solicitor be asked to give

us answers to questions at the Committee Meeting, because what I am telling is not my knowledge of this particular transaction but with respect to real estate transactions in general.

Mr. Kamyk:

Mr. President, I move that Bill No. 1590 be recommitted to the Committee on Finance.

Upon which motion the Chair directed the call of the ayes and noes, and the ayes and noes being taken were:

Ayes:—

Mr. Counahan	Mr. Kuhn
Mr. Gallagher	Mr. Leslie
Mr. Jordon	Mr. Fagan
Mr. Kamyk	(Pres't)

Noes: Mrs. D'Ascenzo.

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative the motion prevailed.

The Chair:

For the information of Council, I am very much in favor of Beechview having a library, but I understood all along it was to cost \$35,000, plus about \$5,000 or \$10,000 to dismantle or tear this building down.

Mr. Leslie:

Mr. President, I might say I am satisfied with the explanation given by the Chairman of the Committee of Lands and Buildings; that the purchase price is \$35,000 and the \$1500 figure is to be used to defray the City's share of closing costs and title examination. It may not all be used to transfer this real estate, but since there is a question involved I will go along with the majority.

The Chair:

It could be more than \$1500.

Mr. Kuhn:

We would then have to appropriate more. But I doubt it. On a transaction of this size, it would be unusual.

DEPARTMENT OF CITY TREASURER

Pittsburgh, March 22, 1965.

George Boxheimer,  
City Clerk  
City of Pittsburgh

Dear Sir:

Please be advised that the appointment of Norman M. Mackin as Deputy Treasurer is hereby revoked, as of the start of business today.

Very truly yours,

DAVID A. SMITH  
City Treasurer.

Which was read, received and filed.

The Chair presented

No. 1755.

MAYOR'S OFFICE

Pittsburgh, March 22, 1965.

President and Members  
City Council  
City of Pittsburgh

Gentlemen:

On Tuesday, March 16, 1965, I formally notified James J. Dillon that he has been relieved of his duties as Director of Public Safety. In order to give him due notice and permit him to receive accrued vacation credit, his tenure will be officially terminated as of the close of business Wednesday, March 31, 1965.

I take this action reluctantly. I have given this matter long and serious consideration and have decided that an immediate change is required to give the Department of Public Safety the firm direction which is needed.

Mr. Dillon has proven unwilling or unable to work cooperatively with other department heads; his working relationships with his own subordinates were peremptory and often strained; and his dealing with representatives of commu-

nity groups and the public left an unfortunate and unfavorable impression of this department.

To replace Mr. Dillon, I am appointing David W. Craig, effective Thursday, April 1, 1965. In his tenure as City Solicitor since September, 1961, and formerly as Chairman of the City Planning Commission, Mr. Craig has demonstrated the exceptional administrative skills needed for the sensitive responsibilities of the Public Safety Director's position.

To succeed Mr. Craig as City Solicitor, I am appointing David Stahl, effective Thursday, April 1, 1965. We are fortunate to regain the services of David Stahl, former State Attorney General and former City Solicitor, whose abilities and qualifications in the field of municipal law are well known to the members of City Council.

Very truly yours,

JOSEPH M. BARR  
Mayor

Which was read, received and filed.

Also

No. 1756.

MAYOR'S OFFICE

Pittsburgh, March 22, 1965.

President and Members  
City Council  
City of Pittsburgh

Gentlemen:

It gives me great pleasure to appoint David W. Craig, 6529 Stanton Avenue, to the position of Director of the Department of Public Safety, effective Thursday, April 1, 1965, subject to the approval of your honorable body.

Very truly yours,

JOSEPH M. BARR  
Mayor

Which was read, received and filed.

Also

No. 1757. Resolved, That the appointment by the Mayor of David W.

Craig as Director of the Department of Public Safety be and the same is hereby approved and confirmed.

Which was read

Mrs. D'Ascenzo moved

The adoption of the resolution.

Mr. Kuhn:

Mr. President, I second the motion to approve his appointment.

In doing so I am particularly pleased and proud to see that David Craig's high administrative capacities will be brought to bear on the many difficult and delicate problems which face the Department of Public Safety. His knowledge and experience in the fields of land use, building, safety and health and administrative enforcement of laws and ordinances in these fields is practically unique in the United States. He is an acknowledged authority in these important areas of public administration.

David Stahl's return to the office of the City Solicitor is at least as important to the City. His legal scholarship and his unrivaled knowledge of municipal law together with his recent experience in the important work in Washington on the President's Special Committee of lawyers in civil rights adds further luster to his pre-existing qualifications.

Both these appointments serve splendidly to reinforce the City's administrative capacity to continue forward movement in providing the best municipal services for the citizens of Pittsburgh.

Mr. Baskin:

Mr. President, I am satisfied that the appointment of David Craig as Director of Public Safety and, in turn, succession of Mr. Craig by David Stahl as City Solicitor, will greatly strengthen the administration of city affairs.

Both Mr. Craig and Mr. Stahl are experienced public servants of proven and acknowledged integrity, competence and intellect and well versed in the art of working with people and bringing them together. I look forward not only to an

improved Department of Public Safety, but to much improved relationships between that department, on the one hand, and other city departments and community and citizen groups, on the other hand.

I fully support the Mayor in his appointments, and I sincerely believe that they will benefit the City of Pittsburgh.

And the question recurring on the adoption of the motion to approve the appointment of David W. Craig as Director of the Department of Public Safety, the ayes and noes were taken, and being taken were:

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
Mr. Jordon	(Pres't)

Mr. Kuhn:

Mr. President:

During the past week Pittsburgh could justly lay claim to being the music capital of the world. Don Pablo Casals, one of the greatest musicians of our century, graced our city by his presence as visiting Andrew W. Mellon Professor of Music at Carnegie Institute of Technology.

On Sunday night, April 18th, he was granted the honorary degree of Doctor of Humane Letters by Carnegie Tech, following the performance of his beautiful and moving oratorio "El Pessebro," by Carnegie Tech's orchestra and the Mendelssohn Choir, under the direction of Dr. Sidney Harth, the distinguished Chairman of the Music Department of Carnegie Tech's College of Fine Arts. On Thursday and Saturday nights Don Pablo Casals conducted an excellent orchestra of musicians of Carnegie Tech and the Pittsburgh Symphony in outstanding performances of the music of Johann Sebastian Bach before enthusiastic audiences which filled Carnegie Music Hall to overflowing.

Don Pablo Casals is known internationally for his moving and perceptive interpretation and performances of Bach's music and for his own compositions reflecting profound spiritual concern with peace, international understanding and freedom. His own personal commitment to the ideals of freedom and democracy has been demonstrated in his self-imposed exile from his native land.

In recognizing Dr. Casals, Carnegie Tech has brought honor and distinction to our city. The musical programs performed last week were thrilling. High praise and thanks are due to the Presi-

dent and Trustees of Carnegie Institute of Technology, to Dr. Sidney Harth, the Chairman of its Music Department, to the generous citizens who approved the programs, and to the very fine musicians who joined in bringing such magnificent music to Pittsburgh.

I move the adoption of a resolution expressing our praise and gratitude to Don Pablo Casals, Carnegie Institute of Technology, and to those involved in this exceptional undertaking.

Which motion prevailed.

Mr. Jordon:

Mr. President.

Since the County of Allegheny has prepared a resolution, which was read last Saturday night, I suggest a copy of this resolution be forwarded to Dr. Casals and Carnegie Institute of Technology.

Which motion prevailed.

Mr. Baskin:

Mr. President:

We are all aware of the bond questions on the ballot at the Primary Election on May 18th. There will be a three-phase bond issue that is being proposed to the voters of the County of Allegheny. As citizens of Allegheny County, I am sure we are all very greatly interested in what happens to this

bond issue. I think, after having heard the explanation of the bond issue by the three members of the Board of County Commissioners, who were kind enough to discuss it with us this morning, and after studying the beneficial effects that the bond issue would have on the growth of Pittsburgh and Allegheny County, we should publicly express our support on this bond issue.

I am confident that the citizens of Pittsburgh will support the bond program and the Board of County Commissioners are to be commended for taking this step.

In order to get it before Council, I move Council go on record as favoring the bond issue in its entirety.

Which motion prevailed.

Mr. Kuhn moved

That the Minutes of Council of Monday, April 19, 1965, be approved.

Which motion prevailed.

Mr. Kuhn moved

That Mr. Leslie be excused for absence from this Council meeting.

Which motion prevailed.

And upon motion of Mr. Counahan,

Council adjourned.

Mr. Jordon moved

The adoption of the resolution.

Upon which motion the ayes and noes were taken and being taken were:

Ayes:—

Mr. Baskin	Mr. Jordon
Mr. Counahan	Mr. Kamyk
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan

That Mr. Kuhn be excused for absence from this Council meeting.

Which motion prevailed.

Mr. Baskin:

Mr. President:

In Mr. Kuhn's absence, I would like to bring to the attention of Council and place officially on the record the recent exploit of the Bureau of Police. Too often the Bureau of Police is subject to a great deal of criticism from the public and press for various alleged shortcomings. Very rarely is our Bureau of Police given credit for its daily performance of its duties, and it is not often given adequate credit even when it performs a service that is outstanding.

Not long ago, the Bureau of Police formed a Police Rescue Unit. Some of the police in the Bureau gave of their time voluntarily to assume the perilous work that was involved in undertaking the responsibility of this unit. Fortunately for a number of young people, our police bureau did undertake this responsibility, because on May 1st, this police unit received a report of a car which had overturned and was burning. There were four young people in this car. Through the heroic efforts of the Police Rescue Unit the four people were taken out of this overturned, burning car and were hospitalized. Unfortunately, one of the victims has died. Fortunately, the other three youths will survive.

I think it is an outstanding piece of work on the part of our Police Bureau. I think the officers and men who are directly involved deserve the commendation not only of the City administration but of the public generally. I think what they have done brings great credit to the entire City administration.

Mr. President, I therefore move that Council officially go on record as commending the Bureau of Police for the formation of the Police Rescue Unit and commend the members of the unit involved, Patrolmen Daniel Butler, Leo McCafferty and Elmer Mallasee, for their bravery and devotion to duty in saving the lives of three youths and bringing great credit to themselves, to their Police Bureau and the City in general.

#### The Chair:

I understand, after having been informed by some people who witnessed the action of the Police Special Service Unit, that they performed an outstanding and heroic deed. It is unfortunate that one teenager lost her life. But apparently the other three would have died if it hadn't been for the speed and determination of this police unit, with the aid of the equipment that the City of Pittsburgh purchased for them recently. It helped to save the lives of these teenagers. Naturally, it is money well spent when you save someone's life.

And the question recurring on the adoption of the motion by Mr. Baskin, the motion prevailed.

And upon motion of Mr. Counahan,

Council adjourned.

## MOTIONS AND RESOLUTIONS

Mr. Jordon presented

No. 2025.

Whereas, Under Title I of Housing Act of 1949, as amended, (herein referred to as "Title I"), the Housing and Home Finance Administrator is authorized to extend financial assistance to local public agencies in the elimination and prevention of the spread of their slums and urban blight through the planning and undertaking of urban renewal projects; and

Whereas, It is desirable and in the public interest that the Urban Redevelopment Authority of Pittsburgh make surveys and prepare plans, presently estimated to cost approximately Two Hundred Thirty-One Thousand Eight Hundred (\$231,800) Dollars in order to undertake and carry out an urban renewal project of the character contemplated by Section 110 (c) of Title I, in that area proposed as an Urban Renewal Area, situated in the City of Pittsburgh, County of Allegheny and Commonwealth of Pennsylvania, which is described as follows:

### Woods Run Urban Renewal Area

Bounded generally by the property of the Allegheny County Sanitary Authority on the north, the Fort Wayne and Chicago Railroad lines on the east, the Chateau Street West Renewal Project on the south, and the Ohio River on the west.

Now, Therefore, Be It Resolved by the Council of the City of Pittsburgh:

1. That the proposed Urban Renewal Area described above is a slum, blighted, deteriorated, or deteriorating area appropriate for an urban renewal project and that the undertaking by the Urban Redevelopment Authority of Pittsburgh of surveys and plans for an urban renewal project of the character contemplated by Section 110 (c) of Title I in the pro-

posed Urban Renewal Area is hereby approved.

2. That the financial assistance under Title I is needed to enable the Urban Redevelopment Authority of Pittsburgh to finance the planning and undertaking of the proposed project.

3. That it is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with Federal financial assistance under Title I, including those relating to (a) the relocation of site occupants, (b) the provision of local grants-in-aid, (c) the prohibition of discrimination because of race, color, creed, or national origin, and (d) the requirement that the locality present to the Housing, and Home Finance Administrator, as a prerequisite to approval of the application described below, a Workable Program for community improvement, as set forth in Section 101 (c) of Title I, for utilizing appropriate public and private resources to eliminate and prevent the development or spread of slums and urban blight.

4. That it is the sense of this body (a) that a feasible method for the relocation of individuals and families displaced from the urban renewal area, in conformity with Title I, can be prepared, and (b) that the local grants-in-aid can and will be provided in an amount which will be not less than one-third of the net project cost of the project and which, together with the Federal capital grant, will be generally equal to the difference between gross project costs and the proceeds or value of project land sold, leased, or retained for use in accordance with the urban renewal plan.

5. That the filing of an application by the Urban Redevelopment Authority of Pittsburgh for an advance of funds from the United States of America to enable it to defray the cost of the surveys and plans for an urban renewal project in the proposed Urban Renewal Area described above is hereby approved.

Which motion prevailed

The Chair:

Members of Council:

It would be proper if some member of Council would move to adjourn this meeting out of respect to the memory of John B. Fogarty, a police officer in the City of Pittsburgh for nearly a half century.

John B. Fogarty had an enviable record as a policeman. He was loved by the citizens of Pittsburgh. He was a dedicated father and a great citizen. I might say for the newer members of Council that upon his retirement a celebration was held for him in this Council Chamber. Mary Flinn Lawrence presented him with a savings bond for the courtesy he extended not only to her and her family but to all the citizens of Pittsburgh.

During the administration of the late Mayor William N. McNair he was a City Detective. But before the end of Mr. McNair's tenure in office he tired of being a detective and asked to be returned to traffic duty at Grant Street and Sixth Avenue because of the friends and the people he knew and the good he thought he could do. His request was granted and he finished his years

in the Traffic Division of the Bureau of Police.

John B. Fogarty was a very amiable person. Everyone who knew him loved him. He was also one of the organizers of Fort Pitt Lodge No. 1, Fraternal Order of Police.

It would be fitting if some member of Council would move that this Council meeting adjourn out of respect to his memory.

Mr. Kuhn:

Mr. President, I move that Council now adjourn out of respect to the memory of John B. Fogarty.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon

Council adjourned.

And the bill was read a second time.

Mr. Leslie:

Mr. President:

I desire to make some remarks concerning Bill 2015 authorizing the installation of a boiler in the Scaife House in Mellon Park.

In 1964, we had a request from the Department of Parks and Recreation to enter into a contract for the complete installation of a heating system at the Scaife House for the sum of \$35,000.00. The matter was discussed at a Committee Meeting but no legislation was ever presented. It seemed to have been dropped at that time.

In reviewing the minutes of that Committee Meeting, I discovered we had

spent \$50,000.00 on the Scaife House. I don't know if that expenditure was before or after we approved the sum of \$8,000.00 for a roof for that building. Now, we have a request for \$7,000.00 for a heating system, which would make it a total of \$65,000.00, if my figures are correct.

My point is this: If the original request of \$35,000.00 was a valid one and we did, in fact, need a completely new heating system in this building, why the change now to just a new boiler? If we are going to install a boiler for an estimated \$7,000.00 or less to put hot water into an old system (I assume it is hot water), then I wonder about the antiquated height, supply and return line and radiation in this building.

In 1964, we installed a boiler in the North Side Police Station, which is a three-story building, a good-sized structure, for a total of \$5,300. I was out there and made a comparison of the size of these structures and the cost of installation. I question the advisability of putting a new furnace in an old building.

If the request for \$35,000.00 was right for installing a completely new heating system, why are we now spending \$7,000.00 to install a new boiler in an antiquated building? If the original request of \$35,000 was right, this \$7,000.00 request is wrong.

This is my personal opinion, Mr. President.

The Chair:

It is regrettable that the Chairlady of this Committee, Mrs. Irma M. D'Ascenzo, isn't here today. I know she has collaborated quite a bit with the Director of Parks and Recreation on this matter.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

#### CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in the cases of emergency when special appropriations may be made to meet the same; and

Whereas, The President and Executive Secretary of the Civil Service Commission, in letters addressed to the Mayor and the City Controller under date of May 26, 1965 states that the present staff of the Civil Service Commission is inadequate to handle the unexpected increase in the workload of the Civil Service Commission for the fiscal year 1965; and

Whereas, Because of the cooperation by the City of Pittsburgh with the Anti-Poverty Program of the United States Government and the proposed addition of 900 work trainees to the City payroll and the accelerated program of the Department of Public Safety to bring the Bureaus of Fire and Police to full man power complement and the initiation in 1965 of improved techniques to process applications for City employment, the present staff of the Civil Service Commission is unable to handle this emergency increase in the Civil Service workload; and

Whereas, The following additional staff is needed for the present emergency:

Position	Grade	Yrly. Sal.	7 Mo. Sal.
Supervisory Clerk	11C	\$5,097	\$2,974

Whereas, Code Account No. 1099, Salaries and Wages, Civil Service Commission, does not include the necessary funds for the hiring of such additional personnel; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to City Council the existence of an emergency requiring the transfer of the additional sum of \$7,555 from Miscellaneous Services Account No. 1100 to Code Account No. 1099, Salaries and Wages, Civil Service Commission, for the purpose hereinbefore set forth.

#### REPORTS OF SPECIAL COMMITTEES

Mr. Counahan presented

No. 2132.

Pittsburgh, June 21, 1965.

#### TO THE PRESIDENT AND MEMBERS OF COUNCIL.

Gentlemen:

We, the undersigned members of the special committee appointed to draft a suitable memorial resolution on the death of Roland M. Sawyer, respectfully submit such a resolution for your adoption.

Very truly yours,

J. Craig Kuhn  
Irma M. D'Ascenzo  
John F. Counahan  
Chairman.

Which was read, received and filed.

Mr. Counahan presented

No. 2133. It was with profound sorrow that the Mayor and the members of Council of the City of Pittsburgh learned of the untimely death of Roland M. Sawyer at the age of 54.

Mr. Sawyer, although a native of Springfield, Massachusetts, was for many years a resident of the City of Pittsburgh, where he resided with his family.

After graduating from Springfield College where he earned his Master's Degree in Education, he took additional graduate work at the University of Pittsburgh, American University and Penn State University while serving as Director of Health Education at the Center Avenue Y. M. C. A.

He served the Government of the United States in various capacities during and after World War II.

He was a Director in many semi-public and private organizations, whose

principal purpose was to better the living conditions of the citizens of his adopted city.

He gave unstintingly of his time and energy to improve inter-group relations and understanding throughout the community.

In 1958 he became associated with the Steelworkers Union after a career in the housing field on local, state and national levels.

He was also interested in the trade union movement and devoted much of his time and energy in prevailing upon the working men and women to become members of organized labor.

He was a great humanitarian, a respected citizen, and a devoted family man.

Therefore, The Mayor and the members of Council of the City of Pittsburgh extend their sincere and heartfelt sympathy to the family of Roland M. Sawyer, and further, that a copy of this resolution be forwarded to his family and also to the United Steelworkers of America.

Which was read.

Mr. Counahan moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

Mr. Baskin:

Mr. President: Before presenting a resolution, I want to make the following statement;

It is encouraging to see the community support which is gathering behind the University of Pittsburgh as the community has become aware of financial problems resulting from the phenomenal growth of the University in the past decade.

This support has come from civic leaders, labor leaders, church leaders, leaders of both political parties, and the general press. The expressions of concern from all these varied sources acknowledge the tremendous value of the University to the city, region and state, and, indeed, to the nation.

It is also encouraging to note that the State is sympathetic to the immediate needs of the University and that aid will probably be forthcoming while long-range solutions are also sought. The State, of course, is the only political body which at the present time can legally, and as a practical matter, give the assistance required.

As far as the City of Pittsburgh itself is concerned, it has given and will continue to give the University all the aid that it is legally empowered to render consistent with the welfare of the City. The City bears the major share of tax exemption for the University which amounts to \$800,000 yearly for the City alone. The City provides fire and police protection and traffic control, all of which is burdensome in view of the size of the University and its location. The City provides easements and street vacations and planning advice and redevelopment assistance where necessary to assist the building program of the University because the City is aware of the importance of the University to the entire community.

What is of concern to me, however, is that the present financial difficulty may overshadow far more important considerations about the University.

Approximately ten years ago, the Board of Trustees of the University had the courage and foresight to decide that the University should take its place as one of the leading educational institutions in the nation and it selected Chancellor Edward Litchfield to carry out that decision. That policy has, in my opinion, been ably carried out by Chancellor Litchfield with commendable support from the Board.

This was important to the City because no City can be truly great without a leading University, and the Renaissance of the City was greatly aided by the Renaissance in the University. This policy was important to the State because no state can continue to attract people and industry today without a first class educational system which extends from grade school through graduate school at the university level.

The growth of the University as an educational institution in the past dec-

ade has been tremendous and has received national recognition. This growth has been of inestimable value, not only to the University, but to the City, where the University is the second largest employer and an attraction for people and industry, to the State, which has another great educational institution now accepted across the country as a dynamic and proficient center of learning, and to thousands of students, primarily from Pennsylvania, but also in increasing numbers from across the nation, who each year receive their education here.

Compared to the growth of the University in the past decade, the present deficiency, although not to be treated lightly, should not deter the Board of Trustees or the Chancellor from the goals which they set out ten years ago. The need for additional operating funds as a result of expansion is an experience shared by all institutions, profit and non-profit, and great effort must be made to insure that a solution be found for the present temporary dilemma. Actually, the present "crisis" may serve in the end to be a blessing in disguise. For it highlights not only the growth of the University, but the necessity for its continued growth and the necessity for finding a way to finance the cost of such growth. Whether this leads to a state university, or contracts with the state, or more private endowments and alumni support, or a combination of all of these and more, must be determined by the study now being conducted.

This is no time for pessimism or recriminations. The present crisis is no reason, in my opinion, for the Board of Trustees to apologize for its decision ten years ago nor for the Board or for the Chancellor to regret the many positive steps that have been taken since that time. Instead, constructive study of the problem is what is required and it is important that understanding and support of the State continue.

Accordingly, I hope that the State will take the steps necessary for immediate aid to the University. I am confident that the Trustees, the Chancellor and the State will find a solution for the long range problem which is to insure an economically sound university which continues to grow for the benefit of all the citizens of this Commonwealth.

Mr. Baskin presented

No. 2134. Whereas, The University of Pittsburgh has in the past decade through an imaginative program of expansion and diversification, become one of the leading regional centers for knowledge and research; and

Whereas, The improvement program of the University of Pittsburgh, along with a parallel growth of the other local colleges and universities is helping to make this city and region a more attractive place for business and industry to locate and expand and for families to educate their children, and

Whereas, The University of Pittsburgh has been a dynamic force in the cultural and educational revitalization of this community in pace with its physical rebuilding, and

Whereas, The University of Pittsburgh is undertaking a comprehensive study under the auspices of the Ford Foundation of its long-range educational financial activities, to continue to provide creative and high-caliber educational and research programs to the citizens of this community, this region, state and nation.

Therefore, We the members of City Council, do respectfully request the Governor and the State Legislature to provide immediate financial aid to enable the University of Pittsburgh to continue to provide creative and high-caliber educational and research programs to the citizens of this community, this region, state and nation.

Which was read.

Mr. Jordon:

Mr. President: I rise to move the adoption of the resolution and while doing so would like to make a few comments.

I really want to commend my colleague for drafting the statement and presenting the resolution. It is a sense of pleasure and satisfaction to me that we have now reached the point where we can introduce statements and resolutions expressing Council's concern with problems when there is no particu-

lar legislation before this body without the furor, controversy and heat that surround some statements and resolutions which I recall in the past. I think this is a good thing for Council and I am glad we made this progress.

I, as an alumnus of the University, am proud of the progress made at the University, compared to the University when I was there and the extent to which it has grown today. I feel we in the City of Pittsburgh ought to be proud of what the Chancellor and Board of Trustees have done for our city.

I have noticed in the newspapers for too many days only criticism and comments about the financial crisis. Only when Mr. Stein of the Post-Gazette came forth in support of what had been done, pointing out the progress, did I feel we were finally getting on the right track. As was mentioned in Councilman Baskin's statement, we now again should point up what has happened to this city in terms of the University. It is meaningful. In California and Massachusetts, they made progress and attracted industry because they had the educational institutions. Educational facilities are important to the industrial growth of a city. We need universities that will offer a wide range of subjects and will provide proper training in various fields so they can attract people who work in these industries to further their education.

I feel it is high time we emphasize this and ask everyone to support the University to make sure we continue to grow.

I am pleased and proud to move the adoption of this resolution.

And the question recurring on the adoption of the resolution, the motion prevailed.

The Chair:

Members of Council:

I think it would be proper if we would adjourn today out of respect to the memory of two very prominent citizens who passed away last week.

John F. Donley was a public spirited citizen. He did a great deal for our community. He engaged in many fraternal activities. He ran for Council on the Republican ticket. He was an outstanding citizen of the City of Pittsburgh.

The other gentleman who passed away was one of the best known citizens of the City of Pittsburgh and the County of Allegheny—Luke J. Barnett, Sr.

Everybody knew Luke. He was a great entertainer. He made friends wherever he went. He always made people happy. Sometimes he made people a little sore at him, but after it was all over they were patting him on the back and congratulating him.

I think it would be a tribute to them and an honor for us to adjourn today's meeting out of respect to the memory of these two outstanding citizens of Pittsburgh.

Mr. Counahan:

Mr. President, I move that when we adjourn we do so out of memory to the late John F. Donley and the late Luke J. Barnett, Sr.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon Council adjourned.

Now, Therefore, Be It

Mr. Leslie moved

Which motion prevailed.

The Chair:

Members of Council:

On Thursday afternoon of last week, one of our downtown merchants was robbed. They claim the extent of the robbery was close to \$60,000.00. The establishment was Unger's Jewelry Store at Smithfield Street and Oliver Avenue. The brother of the owner, Max Unger, chased the robbers quite a distance. As a result of his chase he was able to alert our Communications Center in the Bureau of Police, and this Center immediately assigned policemen and detectives to investigate and apprehend the robber or robbers.

Patrolmen John Croft, Robert Brown and Sergeant Gabriel Cocheres, who were assigned to this duty, captured one of the bandits with all of the loot at Magee Street and Fifth Avenue.

I talked to Max Unger, who is one of our outstanding merchants in the City of Pittsburgh. He asked if it was possible to have these men cited by the Administration and Council for the outstanding job they did in recovering all of the stolen articles which were taken from his store.

Therefore, I think it would be appropriate if some member of Council, especially the Chairman of the Committee on Public Safety, Councilman Kuhn, would recommend that these men be commended for the outstanding work performed in apprehending one of the bandits and returning the stolen merchandise to Unger's Jewelry Store within an hour after the robbery. Mr. Unger certainly appreciates the fine work they did.

Mr. Kuhn:

Mr. President:

I am certainly very pleased to move that a resolution of commendation be prepared. I would ask that I be permitted to confer with the Director of the Department of Public Safety, David W. Craig, in order to prepare and present such a resolution at our Council Meeting next Monday. I think it would be well that the Department have the opportunity to give its view as well to the fine police work that was done by these police officers in order that similar good police work can be encouraged in the future.

We are always glad to see that our police officers, most of whom do work very diligently, receive appropriate recognition. Too often people are prone to register their complaints concerning the performance of duties by municipal employees.

It is certainly a pleasure to hear from Mr. Unger through you, President Fagan, in this respect. I will be glad to have such a resolution drawn.

Which motion prevailed.

The Chair:

I appoint the Chairman of the Committee on Public Safety, J. Craig Kuhn, to draft a resolution commending Patrolmen John Croft and Robert Brown and Sergeant Gabriel Cocheres for their fine work, and ask that he confer with David W. Craig, Director of the Department of Public Safety, and the Superintendent of Police, James W. Slusser, in the drafting of this resolution.

And on motion of Mr. Counahan,

Council adjourned.

#### MOTIONS AND RESOLUTIONS

Mr. Kuhn:

Mr. President, At last week's Council meeting you appointed me as Chairman of the special committee to draft an appropriate resolution commending Sergeant Gabriel Cocheres and Patrolmen John Croft and Robert Brown, after conferring with the Director of the Department of Public Safety and the Superintendent of Police.

I have conferred with the Director and I understand from him and from the Superintendent of Police that these three police officers were commended by a regular departmental commendation last week. But, in carrying out the spirit of our motion, it is appropriate that we should adopt a resolution commending these officers for their fine police work. Accordingly, I have drafted a resolution, which I ask the Clerk to read.

Mr. Kuhn presented

No. 2526.

Whereas, Sergeant Gabriel Cocheres, Patrolmen John Croft and Robert Brown on September 30, 1965, responding to a call giving the description of a suspect in the burglary of Unger's Jewelry Store at Smithfield Street and Oliver Avenue, within one-half hour of the time of receiving the call, apprehended a suspect and recovered the goods which had been taken from the jewelry store, and

Whereas, By their prompt, effective and forthright action, they exemplified the highest standards of professional police work.

Now, Therefore, Be It Resolved, By the Council of the City of Pittsburgh, that, Sergeant Gabriel Cocheres and Patrolman John Croft and Patrolman Robert Brown are commended for their exemplary performance of duty, maintaining the highest standards of police work of the City of Pittsburgh, in the apprehension of a suspect, and the recovery of the goods stolen, from the Unger Jewelry Store on September 30, 1965.

Which was read.

Mr. Kuhn moved

The adoption of the resolution, and that a copy be transmitted to the Superintendent of Police, James W. Slusser and to each of the police officers whose names appear in the resolution to be made a part of the service record of these officers.

Which motion prevailed.

The Chair:

Members of Council:

There is a matter I would like to bring to your attention before we adjourn. It is an article which appeared in the Pittsburgh Press entitled, "Three Weeks To Go, Barr, Rovitto Pour It on In Campaign." I would like to read you what Mr. Rovitto had to say about policemen in the City of Pittsburgh, especially the Public Safety Director.

"frustrated officers tell me they would like nothing better than to have permission from the front office to wipe up the streets with criminal offenders.

"The whole thing seems to boil down to Mayor Barr's stooge Safety Director (David W. Craig) who, together with the boss, makes polite speeches in the name of law-enforcement."

I would like to say that as far as I am concerned the City of Pittsburgh, over the past thirty years, has had some outstanding Directors of Public Safety. We all remember the late George Fairley (of happy memory) who was a great Director of Public Safety. Then all of us remember a man by the name of Louis Rosenberg, who is now a judge in the Federal District Court. I don't think anyone ever made a better record as a Public Safety Director than Louis Rosenberg. He was commended by the citizens of this great city, by business, labor, management, industry and banking, for the outstanding job he did. Now as a judge in the Federal District Court, you can talk to any lawyer, judge or citizen and they will tell you what a fine job he is doing.

After Louis Rosenberg came one of our former colleagues, David Olbum. He is presently a Judge in the Court of Common Pleas and has established an enviable record there for himself. After David Olbum came James J. Dillon.

Now we have a man everybody is proud of. He is a great lawyer. He was City Solicitor, Department of Law, for a

great number of years. He is an outstanding public-spirited citizen and is doing a very fine job as Director of the Department of Public Safety. Even most of our enemies will admit that. I don't know of a finer public servant anywhere than David W. Craig.

As a result of this statement by the opponent of Joseph M. Barr, I am going to say for myself (and I think I speak for Council as a whole—if I don't, you can correct me) if there is any policeman, no matter if he is a superintendent, captain, Inspector, sergeant or patrolman, who says he has been stopped from enforcing the law in the City of Pittsburgh, I want him to come before Council, in a public hearing, and tell the Members of Council who, in the administration of Joseph M. Barr, has told him to let up on crime, racketeers or anything in violation of the law in the City of Pittsburgh.

I resent this statement with all the force at my command. To think that someone would be so low and so naive as to make a statement of this kind. I know that this administration and the Members of Council are interested in having a good, honest and clean city. We have all been in favor of good government, and government is everybody's business.

I make this statement and I am willing to back it up. So if there is any policeman on the police force of the City of Pittsburgh who says he has been told by the Mayor, the Members of Council or anyone connected with this administration to lay off racketeers, thieves or anything else, I want him to come to this Chamber and tell who told him to do it.

Mr. Leslie moved

That the Minutes of Council of Monday, October 4, 1965, be approved.

Which motion prevailed.

And upon motion of Mr. Counahan,

Council adjourned.

On that subject we might observe that Dr. Alfred F. Kamens of the County Health Department, who passed away on October 1, 1965, brought this to our attention several years ago. He noted that a number of the people who came into the building here had physical conditions or heart conditions, and to come up the Grant Street steps without a handrail was a difficult task for them.

Dr. Kamens himself had a heart ailment, which made it difficult for him to climb those stairs without a handrail. It was at his suggestion that this matter was originally referred to Director Hughes. Unfortunately, Dr. Kamens hasn't lived to see the thing come about.

#### ONE HUNDRED THIRTEENTH COUNCIL

PATRICK T. FAGAN.....President

GEORGE BOXHEIMER.....City Clerk

LOUIS C. DINARDO.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, November 8, 1965.

Council met.

Present:—

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
Mr. Jordan	(Pres't)

The meeting was opened by the recitation of the pledge of allegiance to the flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The Chair:

Members of Council:

Before we begin I would like to offer congratulations to my colleagues who were returned to office on November 2. I would also like to offer congratulations

to the Mayor and the entire Democratic ticket in the City and County.

We express our thanks to Councilman Counahan for the wonderful help we received from him. Also, our thanks to Council lady D'Ascenzo and Councilman Jordan and Councilman Walter T. Kamyk who took care of the ethnic groups.

On behalf of the members of Council and myself, I wish to express our thanks, appreciation and gratitude to the citizens of the City of Pittsburgh for supporting us. I would like to say to them that we are going to continue in the future as we have in the past, trying to make the City of Pittsburgh the kind of city everybody can be proud to live in, work in and play in.

It is gratifying to know we were returned to office and we certainly appreciate everything everybody did for us.

It is regrettable that two of the Democratic candidates—that of Coroner of Allegheny County, and Judge of Juvenile Court of Allegheny County, were defeated. They are both young men, and it is hoped that they will aspire to public office again. They are qualified, competent, capable public servants, and I am sure that if they decide to become candidates again for public office their qualifications and capabilities will be recognized by the electorate.

Yesterday the Mayor-elect of the City of New York, John Lindsay, in a television broadcast said he was going to pattern his administration after that of the City of Pittsburgh, with the fine civic and patriotic spirit that prevails there and where everyone has cooperated to help bring about the renaissance of the city. He said there were two cities that did an outstanding job of coopera-

tion—Pittsburgh and Atlanta, Georgia--and he said he was going to find out what the formula is for their success.

Mayor-elect Lindsay will be in Pittsburgh this Wednesday to attend the prize fight. During his stay we hope he gathers information concerning the progress of our great city.

#### ONE HUNDRED THIRTEENTH COUNCIL

PATRICK T. FAGAN.....President

GEORGE BOXHEIMER.....City Clerk

LOUIS C. DINARDO.....Ass't City Clerk

Pittsburgh, Pa.,

November 29, 1965.

Council met.

Present:

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Gallagher	Mr. Fagan
Mr. Jordon	(Pres't)

The Chair:

We will open the meeting in honor of the boys fighting in Vietnam, and, also, of the two veterans released by the Vietcom, who were prisoners of war.

The meeting was also opened by the recitation of the pledge of allegiance to the flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Mr. Fagan:

Mayor Barr, Members of Council, ladies and gentlemen:

On behalf of the Mayor and Members of City Council, we extend you all a very cordial welcome. The Mayor has a very important message to deliver to Council and the citizens of the City of Pittsburgh and employees of this great City. The Mayor has gotten out of his sickbed to come here and deliver this important document that all of the Departments of City Government, along with their technicians and their economists, have been working foremost to deliver—a budget that will be in line with reason for the Taxpayers of the City of Pittsburgh and also the employees of the City of Pittsburgh.

It is my pleasure now to present His Honor, the Mayor Joseph M. Barr.

Mayor Joseph M. Barr:

Mr. President, Members of the City Council and fellow Pittsburghers:

Before I begin, I would like to say that this will probably be the last time I will be speaking to Council while Mr. Gallagher is a member. But the people of Pittsburgh have known this foreseeing man as a member of this Body for so many years and the great contributions he has made to our complete society in the City of Pittsburgh and we wish him, as I know all of you do, the best of luck and, if I have my guess right, I would think he would be in City Hall almost every day.

At the same time, I see on my right our new Councilman-elect, Mr. Flaherty.

I again have the honor of presenting for your consideration Budget Estimates for the General Fund Operation of the Government of the City of Pittsburgh, this time for the calendar year of 1966. The Water Fund Estimates of Revenues and Expenditures will be submitted separately.

This General Fund Budget, spotlights in microcosm, the financial dilemma confronting not only Pittsburgh but every major urban center in the United States.

These budget recommendations are presented against the background of a city thriving as it seldom has before, in all of its long and productive history.

New Physical Growth and Human Progress are all about us.

The record of 1965 is well known to the Members of City Council and the Citizens of Pittsburgh. Unemployment dropped to a new post-war low in the Pittsburgh Labor Market Area during the past 12 months and private construction is moving along at a near-record high.

As I see the task of the Mayor and of this Council, our first duty is to make sure that we do everything possible to continue and increase this rate of progress. We must continue to set the pattern for it, to encourage it and to put all the energies of Municipal Government into this successful work of human and physical renewal.

This Budget is geared to continue the rate of advance—but not without difficult fiscal decisions.

A healthy 1965 is reflected in our revenue collections which will exceed the original estimates by approximately \$1,185,462. As you might expect, the major gains occurred in the two revenue sources which are most likely to grow as the economy grows—the Earned Income Tax and the Occupational Privilege Levy. These two items alone produced \$950,000 more than calculated some 12 months ago.

As Council is well aware, these gains

unfortunately have been offset by unanticipated expenditures during the year.

More than \$1-Million in special transfer of funds and additional appropriations were required including the following major requests: Workmen's Compensation, \$200,000; Municipal Pension Fund, \$150,000; New Refuse Transfer Station, \$175,000; Purchase of Beelen Street Properties due to landslide, \$120,000; Police Administrative Survey, \$43,000; Demolition of Condemned Buildings, \$40,000; Abandoned Car Towing, \$20,000; and additional appropriations of \$150,000 for Water Plant Rehabilitation and \$75,000 for The Neighborhood Youth Corps.

These items reduce by the above amount what would normally accrue as surplus funds at the end of the year.

A careful review of all Code Accounts reveals there will still remain an estimated \$2,566,608 that can be cancelled out, which along with the \$1,185,462 in excess revenues produces a total of \$3,752,070 in Surplus Funds available for next year's General Fund obligations.

In addition to the surplus carryover the City Treasurer estimates that total revenues from all sources at existing rates next year would be \$57,528,907. This includes two non-recurring items, \$275,000 to be realized from the sale of the old No. 1 Police Station and \$350,000 in Parking Meter Funds no longer required by the Parking Authority.

Combining the anticipated surplus to 1966 revenues would provide a total of \$61,280,977 to carry out the 1966 Municipal operation.

Shifting to the expenditure side, we are immediately confronted with a sharp rise in non-departmental costs, most of which are mandatory, amounting to \$1,686,968. These include allowances for the following:

1. The City's contribution to the Municipal, Police and Fire Pension Funds will be \$3,218,201, exactly \$618,649 higher than the current appropriation.

2. Social Security—Employer's share rise from 3% per cent to 4.2 per cent, thereby adding \$242,275 to the Budget.

3. Net debt service costs will be \$491,544 above the 1965 figure. This reflects the record sale of \$10.4 Million in Bonds this summer for Capital Improvements to modernize municipal facilities and to meet our local share of the Urban Rebuilding program.

4. In addition to basic municipal debt service charges, an appropriation of \$306,462 will be required for payment of the short-term loan made by the City for the Stadium Authority. This obligation will be entirely offset on the revenue side however, when the Stadium Authority repays the full amount early next year.

5. Workmen's Compensation—to provide hospital and medical coverage for all employees disabled in the line of duty will require \$200,000 more than originally allocated in 1965.

6. Carnegie Library—an expanded city-wide program plus increments for Library Workers adds \$13,000 to the budget.

7. I am recommending a grant of \$25,000 to the Public Auditorium Authority which will be used to help defray operating costs of the Civic Light Opera. It is my understanding the County will make a similar contribution indicating the importance of the Civic Light Opera to this community and our desire to help it grow even greater in stature.

8. Filing of liens against tax delinquent properties—which occurs every three years—necessitates \$55,000 in fee charges.

At the departmental level, requests submitted to the Mayor's Office, exclusive of Wage and Salary requests, amounted to \$60,396,000. These requests, while justifiable from the departmental viewpoints, were trimmed by nearly \$900,000 after careful review by the Mayor's Staff.

Departmental increases over 1965 largely reflect increased costs of the things which the City must buy, plus stepped-up services in such specialized areas as Public Safety and Traffic Planning.

Allowance for additional personnel is made in Parks and Recreation to maintain and operate its expanding network of Parklets and other recreation facilities.

Included in the Budget submission is an allocation of \$120,000, the City's cash share for the Federal Neighborhood Youth Corps. Pittsburgh obtained more than \$1,200,000 in Federal Funds in August to provide work experience and training for 650 young men and women the last five months of this year.

The present Federal allocation will run out in April and we are planning to submit an application for a second Youth Employment Project. We are fortunate that the Pittsburgh Program is well administered and functioning with a minimum of difficulty.

The youngsters employed are performing work that would not otherwise be done and learning for the first time what it means to hold a job, to respond to supervision and to gain the dignity of working for a living.

Through the Neighborhood Youth Corps and the Community Action Program, Pittsburgh has received more than \$6 Million during the past 12 months in our intensive and concerted effort to strike at the roots of poverty, to enable the poor to help themselves.

I know that Council concurs with me that our modest local cash outlay for the Youth Corps is money well spent for the well-being of this community.

In terms of Municipal Salaries, I do not believe it would be fair or wise to expect our employees to go without a wage adjustment when particularly all other workers in the community have enjoyed increases during the past 18 months.

I know that Council needs no persuasion that the municipal salary schedule is low, particularly for middle-echelon and top level supervisors whose skills and capabilities determine the effectiveness with which municipal services are carried out.

I am therefore recommending a comprehensive wage and salary program that includes a general five per cent increment for all Municipal Workers along with the following adjustments.

1. For Laborers and per diem employees now working 44 hours or more in the Departments of Parks, Water, Public Works and the Traffic Planning Bureau,

there will be a four hour reduction. There will be no increase or decrease in the take-home pay as a result of this cut-back. We plan to make up a portion of the 18,000 man-days lost through the acquisition and better use of labor saving equipment. But in order to maintain the present level of services within the reduced work week, Department heads have requested funds for replacement of manpower to the extent of \$252,000.

2. To eliminate the situation that has existed for too long in the Fire Bureau where men have had to work out-of-grade sometimes on a year-round basis, without adequate rank or compensation, I am recommending the creation of 104 new supervisory posts, including 90 Fire Lieutenants and 14 Fire Captains. This will virtually insure adequate supervision in every Fire Company throughout the City on a round-the-clock basis as well as achieve fairness for the employees. These increased promotional opportunities which add \$75,000 to the Fire Bureau budget meet with the standards of the Fire Underwriters Association currently conducting a survey of the City's Fire and Water operations.

3. To strengthen supervision in the uniformed services, I am recommending salary adjustments ranging from 7.5 per cent to 15 per cent. This is part of an over-all program to upgrade Police and Fire Supervisors so that their compensation will better reflect the degree and sensitivity of their responsibilities. More than 220 Police and Fire officers will benefit from this proposal which adds \$79,000 to the Public Safety figure.

4. In 1964, Police performed more than 5,000 hours of overtime work. When these officers take compensatory time off, it results in reduced Police protection. I am recommending to Council that Police officers from the rank of Patrolman to Lieutenant be paid for over-time duties on a straight time basis next year. Replacement of compensatory time off with over-time pay will restore added manhours to the Police Bureau equal to hiring 20 new Patrolmen. Funds allocated—\$110,000.

5. As Council knows, there still exist too many situations in City Departments where Foremen and other Supervisors

earn very little more and sometimes less than the personnel for whom they are responsible. The Personnel Officer has made a comprehensive review of the Job Classification System to strive to correct these inequities. Special attention was given to upgrading Foremen starting salaries in the Parks and Recreation Department and the Refuse Bureau, and to provide executive salaries somewhat more in line with those paid by other units of Government. Included in this Budget are approved classification and pay plan changes amounting to \$86,500.

6. In the Police Bureau, we are adding seven clerical positions to handle the increased volume of record keeping and Patrolmen and Detectives now performing these duties for more pressing Police work. New personnel \$25,381.

7. Uniform allowance for all Fireman is increased from \$75 to \$100 per year, and for Detectives from \$50 to \$100. Uniform increase—\$35,575.

8. Allotment for School Crossing Guards is enlarged to provide coverage for pre-school age children attending special project head start classes in the summer. This item, along with a \$1 per day increase for School Guards, means \$76,225 more in the Public Safety appropriation.

A general five per cent wage hike will add approximately \$2.1 million to the salary ordinance. This will bring total 1966 expenditures, exclusive of Water but including the above-mentioned personnel adjustments, to \$63,880,570 compared with an estimated \$61,280,977 in total funds available.

It is apparent that \$2,599,593 in new revenues will be necessary to carry on the City's general fund activities for the next 12 months.

In an effort to distribute this tax burden, which no one welcomes, as equitably as possible, I am recommending a three-point program.

In the past 11 years, the Water Department has seldom met its obligations to pay \$2,145,000 as a fair return on the City's investment in the Water System. Even this year, the Water Department will fall nearly \$550,000 short of the five and one-half per cent fair return

figure. Beyond this liability, the Water Department owes the General Fund \$3,505,688 from previous years.

The City's current water charges are anywhere from 19 per cent to 88 per cent lower than those of any district water firm. Therefore, in the Water Fund Budget that is submitted separately, I am proposing that water rates be increased by 20 per cent.

Such action will produce an additional \$1,550,000, of which \$500,000 is needed for increased Water Department operating costs. The balance of \$1,050,000 will enable the Water Department to make a total payment of \$2,600,000 to the General Fund, thereby meeting its 1966 obligation in full and paying \$455,000 on its past debt.

In addition, I am recommending an increase of two mills on the personal property levy now imposed on holdings in Stocks and Bonds of non-Pennsylvania based Corporations and on other intangible property. This will bring in an estimated \$850,000.

Finally, I am proposing that Council increase taxation of Real Estate in the amount of One Mill on Land and One-Half Mill on Buildings. This increase if applied on a flat millage basis works out to less than seven-tenths of one mill on total assessed valuation. Based on 95 per cent collection, this will produce an estimated \$750,000.

Taken together, these three sources would develop the revenues necessary to bring the Budget into balance.

This is the Seventh Budget I have submitted as Mayor and the very first time the Real Estate levy has been increased during my tenure.

This administration has tried every means possible to keep the burden on Real Estate at the lowest possible level. When I became Mayor in 1959, nearly 54 per cent of the City's revenues was paid from Real Estate taxes. In 1966, if Council should adopt my recommendations, Real Estate taxation would contribute slightly more than 45 per cent.

In summary, the General Fund picture for the City of Pittsburgh in 1966 looks as follows:

1965 Cash Surplus	-----\$ 3,752,070
1966 Revenues (Including Three-Point Tax Recommendations)	-----\$60,178,907
Total Funds Available	-----\$63,930,977
1966 Departmental Expenditures	-----\$63,880,570
Net Surplus	-----\$ 50,407

Water expenditures next year will amount to \$7,477,678. This means that the final 1966 appropriation, including Water Services, will be \$71,358,248, an increase of \$5,424,510 above the 1965 adjusted level of spending.

I recognize that the 1966 budget will be predictably described as a "record-high budget". And of course, it is, just as the budget of virtually every family, every corporation large or small, and every other unit of Government, sets a new high each year.

I am experienced enough in the vagaries of budget-making to know that even this record-high budget will not satisfy every employee or citizen group which is making demands upon this office and City Council. The proposed salary schedule barely enables us to keep pace with other municipalities and private employers with whom we must compete in the personnel market-place.

But we should not overlook the fact that Pittsburgh Public employees share in a pension program with benefits matched by few if any other employers, public or private. And retirement costs, I remind you, are the fastest single growing item in the Municipal Budget, with more than \$4,060,476 designated for this purpose next year.

It should further be noted that these upward adjustments in taxes solve the problem of Pittsburgh's Municipal operation for just one year.

There is more than \$600,000 in revenues projected for 1966 that cannot be expected to recur. There is no cushion in fiscal blueprint for any major emergency spending that may arise in the months ahead.

The healthy surplus which the City expects to realize after its 1965 operation was not arrived at magically. It is due

both to higher revenues than originally forecast and also to stringent control throughout the year on departmental outlays.

I might add that it is highly doubtful that the cash balance at the end of business 12 months hence will be as large as the 1965 surplus, but every effort must and will be made to keep expenditures at the lowest possible level.

This Budget, of course, is subject to the closest examination by the Members of City Council. I am well aware that Council will be beset, as I have been, with requests to make increases, many of them worthwhile, over and above what is recommended here.

If there is any possible reduction we have overlooked, I would ask only that the departments heads affected be apprised before such changes are made. On the other hand, any additions to the Budget will require provision of new revenues to pay for them.

Pittsburgh is caught in an economic paradox.

From the standpoint of the usual barometers of economic activity, 1965 was one of the best years in Pittsburgh's history.

Yet, it is evident, from this Budget, that our existing sources of revenue do not sufficiently reflect that economic activity to enable the City to meet its financial obligations without upward tax changes.

Ours is not a unique situation. But it is small solace to know that City after City across the country shares our dilemma.

I wish I could be more optimistic about the financial future of American Cities in which 80 per cent of the population will be living in 1980.

But the economic facts of life do not respond to human wish.

These facts make it clear that all Cities face more fiscal difficulties in the years ahead.

Existing municipal revenue sources, like the Real Estate levy, do not—and

will not—grow at a sufficient rate to provide the funds for the services the people want.

Locally, our financial difficulties cannot be separated from the Pittsburgh School Board, which though completely independent of City Government, depends upon the same Pittsburgh taxpayers for its support.

As everyone knows, the School Board has serious financial problems of its own which are not likely to be fully resolved in the near future.

It seems to me more imperative than ever for these two agencies to plan together and to work together in meeting our common financial problems.

We have a responsibility, of course, to maintain our local efforts to expand the real estate base through rebuilding, to continue to press for a fairer assignment of regional functions now carried on by the City alone, to seek out every means of reducing the cost of Government services and of abandoning those functions which are most expendable.

But I am convinced the ultimate solution to the problems of Urban America must come in the form of greater assistance from the State and Federal Governments, particularly the latter, which have the progressive revenue resources that grow commensurate with the growth of the national economy.

The financial plight of American Cities, I foresee, will hasten the day when some form of "Heller Plan" will be forthcoming whereby the Federal Government will return excess funds directly to local communities.

These sobering observations should by no means be construed as a sign of despair or a call for cutting-back the Pittsburgh rebuilding program.

This great City was not revived from the darkness of decay 20 years ago by a policy of retrenchment.

As difficult as our financial problems appear, I have not lost confidence in our capacity to find a solution in this area of community life with the same bold spirit and the same determination we have directed toward other serious challenges.

Many of our aspirations for Pittsburgh moved closer to reality in 1965.

On the human side, new school programs are giving children a head start in the complex world of the 1960's.

Job Training and Social Services have been extended to thousands of persons to insure that they receive a fair share of the prosperity and good life which Pittsburgh offers.

Our plans to build a city of pleasant living move forward with programs to help those less fortunate members of our society.

We recognize the job is not done—indeed never will be. Our achievements serve primarily to generate new goals.

In the months ahead, we must strike out in new areas of municipal responsibility.

We have to develop a stronger administrative mechanism by which to implement a more effective and intensive code enforcement program throughout the City.

We must move quickly and creatively to develop more housing for low and moderate income families, under both public and private auspices, as provided for in the 1965 housing act.

We must step up the wide range of industrial planning efforts geared to further diversify this City's economic base.

Just a few weeks ago, the people of Pittsburgh reaffirmed their trust in us, the Mayor and City Council, in our capacity for vision, in our belief in human progress, in our willingness to build upon the achievements of the past years.

This administration is committed to doing those things which will make Pittsburgh a better City for all its citizens. It is the dominant thinking of this Budget, with all of the difficult decisions it includes.

I do not intend to slacken in this work.

I know that the members of City Council will not.

Mr. President, today at noon a farewell luncheon was held in honor of the retiring member, Thomas J. Gallagher, and at that affair you made a splendid talk and I believe that your remarks should be inserted in the minutes of this meeting if you will repeat them here.

**The Chair:**

Thank you, Mr. Counahan. Everything I said about Mr. Gallagher is complimentary of the fine record he made during his term in Council.

Before we adjourn on the closing day of Mr. Gallagher's career in Council, after 32 years of loyal service to the City and its citizens, I am going to say "au revoir", not "goodbye", to Councilman Thomas J. Gallagher. You will always be welcome here, Tom.

And for myself and, of course, the members of Council, I want to say I wish everybody a very happy, healthy, prosperous and holy New Year. I hope that one year from now, we will all be around. I would also like to say to all the citizens in Pittsburgh and in every land, I wish them a very healthy, happy and prosperous New Year. I hope that the year of 1966 will be one of peace and prosperity for all of us.

## No. 145

**AN ORDINANCE**—Authorizing and directing the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to enter into an Agreement with Allegheny County Sanitary Authority and Three Rivers Company for sewage and industrial waste treatment and disposal service by the Sewage Disposal System that serves the City of Pittsburgh, and providing charges therefor.

*The Council of the City of Pittsburgh hereby enacts as follows:*

Section 1. The Mayor and the Director of the Department of Public Works be and they are hereby authorized and directed, for and in behalf of the City of Pittsburgh, to enter into an Agreement with Allegheny County Sanitary Authority and Three Rivers Company for sew-

age and industrial waste treatment and disposal service by the Sewage Disposal System that serves the City of Pittsburgh, and providing charges therefor, in substantially the following form:

### THIS AGREEMENT

Made and effective as of the first day of May, 1964, by and among

#### CITY OF PITTSBURGH

(Herein called the "City"), a municipal corporation of the Commonwealth of Pennsylvania located within the County of Allegheny.

#### ALLEGHENY COUNTY SANITARY AUTHORITY

(Herein called the "Sanitary Authority"), a municipal authority of the Commonwealth of Pennsylvania, and

#### THREE RIVERS COMPANY

(Herein called the "Company"), a partnership composed of R. Stewart Scott, Walter A. Scott, Jr., Porter H. Scott and John A. Nard, partners, having its principal office at 828 Frick Building, Pittsburgh, Pennsylvania.

#### WITNESSETH:

Whereas, The Company is constructing a plant fronting on Chartiers Creek in the Borough of Thornburg, Allegheny County, Pennsylvania; and

Whereas, Such waterfront companies whether incorporated or unincorporated are required by the Sanitary Water Board of the Commonwealth of Pennsylvania acting under the laws of the Commonwealth to treat their sewage and wastes and are not permitted to discharge untreated sewage or wastes into the streams of the Commonwealth; and

Whereas, The Sanitary Authority has constructed and is operating a large sewage treatment plant and over sixty-nine miles of intercepting sewers leading thereto (herein called the "Sewage Disposal System"); and

Whereas, Under the provisions of long-term municipal and industrial agreements, the Sanitary Authority is providing, by means of its Sewage Disposal System, sewage collection transporta-

tion, treatment and disposal service (herein called "sewage service") to homes and plants in seventy-one municipalities including the Borough of Thornburg, and one of the Sanitary Authority's intercepting sewers is located along Chartiers Creek; and

Whereas, The Company deems it economical and otherwise advantageous to have the sewage and acceptable wastes of its plant treated and disposed of by the said Sewage Disposal System pursuant to the terms of this Agreement, rather than to build and operate suitable treatment and disposal facilities of its own; and

Whereas, It is more economical to have a direct connection to the Sanitary Authority's Chartiers Creek intercepting sewer than to construct a much longer connection to the municipal sewer of the Borough of Thornburg (approximately 1000 feet distant); and

Whereas, The Sanitary Authority cannot undertake the Company's legal obligation to treat and dispose of its sewage and acceptable wastes unless the Company binds itself to take sewage treatment service exclusively from the Sewage Disposal System for the same period of time as do all the participating municipalities and other waterfront companies being served.

Now, Therefore, in consideration of the premises and the undertakings of each party to the others, the parties hereto, each intending to legally bind itself, its successors and its assigns, covenant and agree as follows:

1. The standard form of long-term agreement by and among the City, the Sanitary Authority and each of the numerous other municipalities served by the Sewage Disposal System (sometimes hereinafter referred to as the "Municipal Agreement"), consisting of 27 pages and a map marked Exhibit A, of which a copy has been submitted to the Company, is incorporated herein and made a part of this Agreement by reference thereto. Except as otherwise provided herein, all relevant provisions of said Municipal Agreement shall be binding upon the parties hereto, the Company hereby acquiring all the rights and becoming subject to all the obligations of the party referred to therein as the

"Borough" or the "Township". The terms "Sewage Disposal System", and "State Board" shall have the same meanings herein as those given them in the said Municipal Agreement, and the term "Sewage Agency" therein shall mean Allegheny County Sanitary Authority, one of the parties hereto.

2. The Company hereby designates, engages and appoints the Sanitary Authority (which the City has designated to be the Sewage Agency under the several Municipal Agreements) as the sole and exclusive agency, during the entire life of this Agreement, to provide sewage collection, treatment and disposal service (subject to the provisions herein-after contained) to the plants, buildings and other premises in the Borough of Thornburg owned or occupied by the Company at the present time said premises being described as follows, to wit:

All that parcel of land situate in the Borough of Thornburg, County of Allegheny and Commonwealth of Pennsylvania, being all of Lot Number 250 in Block Number 69-E according to the New Lot, Block Number System which became effective January 2, 1951, bounded and described as follows, viz:

Containing 17.0965 acres,  $\pm$

And to the Company's future plants and buildings on the same premises or on premises adjacent thereto and to such adjacent premises (all of which are hereinafter referred to as "the plants, buildings and premises covered by this Agreement"). The Company agrees that during such period it will not itself provide such treatment and disposal service, except for the pre-treatment of such wastes as shall require pre-treatment and except for the treatment and disposal of wastes and other materials which must be excluded from the Sewage Disposal System.

3. This Agreement shall run with the above described land and shall be bind-

ing upon all owners, tenants and occupants thereof.

4. Subject to the provisions of Paragraphs 5 and 6 of this Agreement, the Sanitary Authority will accept into its intercepting sewer all the sewage and acceptable wastes of the Company's plants, buildings and premises covered by this Agreement, transport such sewage and wastes to its treatment plant, and provide such treatment and disposal thereof as may be required by law; provided, however, that the Sanitary Authority shall have the right to refuse to accept for treatment and disposal by the Sewage Disposal System the sewage or wastes of any future plant, building or premises of the Company if in the judgment of the Sanitary Authority the quantity of such sewage or wastes would overload its intercepting sewer. In such event, the Sanitary Authority will, if the Company so desires, design, construct and operate a separate treatment and disposal system for such future plant, building or premises provided that the entire cost thereof shall be borne by the Company.

The Company shall provide for the separation of sanitary sewage and acceptable wastes from storm or surface drainage. Only sanitary sewers shall be connected directly or indirectly with the Sewage Disposal System, and the Company shall not permit the discharge therein of storm or surface water, unacceptable industrial wastes, any surface or sub-surface stream, or the acid drainage of a coal mine. If any such condition exists or occurs, and if the Company does not promptly exclude or divert the unacceptable matter or flow, the Sanitary Authority shall have the right to disconnect the Company's offending sewer at the expense of the Company, and shall not be liable therefor in any way to the Company.

5. For the collection, treatment and disposal service provided by the Sanitary Authority the Company covenants to pay promptly to the Sanitary Authority the Sanitary Authority's established sewage service charges. Such charges shall be based upon

(a) the quantity of water, from whatever source, used in or on the plants, buildings and premises of the Com-

pany (less quantity credits provided for in Paragraph 12 of the Municipal Agreement) and

- (b) the character—as to suspended solids, biochemical oxygen demand, chlorine demand, etc.—of the sewage and industrial wastes discharged into any sewer connected directly or indirectly with the Sewage Disposal System,

in accordance with a uniform schedule of charges applicable throughout the main service area of the Sewage Disposal System, and billed monthly, quarterly, semi-annually or annually, at the option of the Sanitary Authority.

It shall be the obligation of the Company to install and maintain in good operating condition meters or other measuring devices approved by the Sanitary Authority for measuring the quantity of such water, and the Company shall permit the Sanitary Authority or its designee to read such meters or other measuring devices periodically. If for any reason the Sanitary Authority shall not obtain such quantity data for any billing period, it shall have the right to estimate the same and to use such estimated quantity in computing its charges.

In order to determine the character of the industrial wastes discharged into the Sewage Disposal System, for the purpose of computing its charges and also for the purpose of excluding unacceptable wastes and materials, the Sanitary Authority shall have the right to inspect the Company's plants, buildings and premises, and to take samples of the sewage and wastes discharged therefrom.

6. The Sanitary Authority shall have the right to designate a list of unacceptable wastes (e.g., specified oils, acids toxic wastes, etc.) which in its opinion may be harmful to its sewers, pumping stations or other structures or may interfere with the sewage treatment processes at its plant, and to change such list from time to time. The Company shall receive due notice of such unacceptable wastes. The Company agrees to so operate its plants, buildings and premises, and to provide and properly operate such pre-treatment or other facilities to be specified and approved by the Sanitary Authority, subject to

the approval of the State Board, as will assure the exclusion of all such unacceptable wastes from all sewers connected directly or indirectly with the Sewage Disposal System.

7. In accordance with the policy set forth in Paragraph 7 of the Municipal Agreement, it shall be the obligation of the Company to bring its sewage and wastes to suitable points of connection with the Sanitary Authority's Chartiers Creek intercepting sewer, such points to be designated by the Sanitary Authority. At each such point a manhole, if none exists, shall be constructed for the purpose by the Sanitary Authority at the Company's expense, and each such connection shall be deemed a separate customer account for the purpose of Calculating and billing the Sanitary Authority's sewage service charges. The only points of connection which the Sanitary Authority will provide to serve the Company's present plants, buildings and premises shall be as follows:

The existing manholes on the Sanitary Authority's present Chartiers Creek intercepting sewer at Station 192 + 00.33, Station 196 + 18.33 and Station 201 + 93.47 (as shown on Sheet 9 of the Sanitary Authority's Contract 32) or—in the event such intercepting sewer is relocated—a manhole or manholes on such relocated sewer (whether on the same side of Chartiers Creek or on the opposite side) in the same vicinity.

It shall be the obligation of the Company to construct and maintain the necessary collecting sewers to bring all its sewage and acceptable wastes to the Sanitary Authority's intercepting sewer, all to be as approved by the Sanitary Authority. The connection or connections shall be made by or at the expense of the Company, and the Company agrees to pay promptly the entire cost thereof, including the cost of new manholes, manholes stubs, and such other facilities as the Sanitary Authority may deem it necessary to provide or require.

If at any time after the collecting sewers of the Company shall have been connected to the Sanitary Authority's intercepting sewer, the Sanitary Authority shall be required or shall deem it advisable to change or move its Chartiers

Creek intercepting sewer, the Company shall promptly at its own expense construct—or advance to the Sanitary Authority the entire cost of constructing—a new connecting sewer line and appurtenances.

The Company hereby grants to the Sanitary Authority, without additional consideration, a perpetual easement to construct, maintain and operate such portions of the Sewage Disposal System as may be located on the Company's land, and covenants to execute, acknowledge and deliver without charge a suitable deed or other confirmatory document to be recorded.

The parties agree that the Company shall have the right at any time to connect any of its sewers into any approved municipal sewer that is connected to the Sanitary Authority's intercepting sewer, all at the Company's expense and in accord with applicable laws and regulations, and thus discontinue discharging part or all of its sewage and waste directly into the Sanitary Authority's intercepting sewer.

8. This Agreement shall become effective immediately, and shall remain in full force and effect, subject to the provisions of paragraphs 2 and 3 of the Municipal Agreement, until the date of expiration of the legal existence of the Sanitary Authority or until the expiration of one calendar year following the payment in full of all bonds, notes and other obligations of the Sanitary Authority, original and refunding, issued by it to finance the construction, replacement, maintenance and operation of the Sewage Disposal System and additions thereto, whichever date shall be later.

**AN ORDINANCE**—Amending subsection 5, section 5 of Ordinance No. 288, approved April 13, 1927, entitled, "An ordinance regulating the manufacture, transportation, storage, sale and use of explosives, highly combustible substances and chemicals and other substances or chemicals that are dangerous or hazardous to life, limb, or property; prohibiting the manufacture and storage of certain of these substances and chemicals;

prescribing the amount of such substances and chemicals that may be manufactured, stored or kept for sale or use; prescribing the necessary safeguards to minimize danger and prevent the loss of life, limb or property; requiring installation of fire extinguishing apparatus or equipment; requiring permits and licenses for the manufacture, transportation, storage, sale, or use of such substances or chemicals and providing penalties for the violation of the provisions thereof," to revise the regulations relating to transportation of volatile oils.

*The Council of the City of Pittsburgh hereby enacts as follows:*

Section 1. That subsection 5, section 5 of Ordinance No. 288, approved April 13, 1927, shall be amended to read:

(5) Transportation of Volatile Oils

a. Definitions:

(1) Cargo Tank—Any container having a liquid capacity in excess of 100 gallons, used for carrying of flammable liquids, and mounted permanently or otherwise upon a tank vehicle. The term "Cargo Tank" does not apply to any container used solely for the purpose of supplying fuel for the propulsion of the tank vehicle upon which it is mounted.

(2) Tank Vehicle—Any vehicle other than railroad tank cars and boats, with a cargo tank mounted thereon or built as an integral part thereof used for transportation of flammable liquids. Tank vehicles include self-propelled vehicles, and full trailers and semi-trailers without motor power and with wheels carrying either part or all of the load.

(3) Downtown Area—All that area located inside the following boundaries: Starting at the confluence of the Allegheny River and the Monongahela River, proceeding northeast along the Allegheny River to Eleventh Street; thence southeast along Eleventh Street and the Crosstown Boulevard to the ramps of the Liberty Bridge;

thence west along the Monongahela River to the point of beginning.

b. Tank Vehicle Design:

(1) Cargo tanks used for transporting flammable liquids shall be constructed in accordance with nationally recognized good practice.

(2) The materials used in the construction of cargo tanks shall be compatible with the chemical of the flammable liquid to be transported.

(3) Any tank vehicle designed or used for transporting materials at liquid temperatures above ambient temperature shall have a red warning signal permanently attached to the vehicle containing at least the following:

"Maximum allowable cargo temperature is -----°F."

This maximum allowable cargo temperature shall be specified by the manufacture of this vehicle.

c. Tires—All tank motor vehicles shall be equipped with rubber tires on all wheels.

d. Static Protection:

(1) Cargo tanks and vehicle chassis shall be electrically bonded.

(2) Provision shall be made in the tank structure of the vehicle for the bonding of the vehicle to the fill pipe during truck loading operations.

e. Protection against collision or overturn:

(1) Draw-off valves or faucets projecting beyond the frame at the rear of a tank vehicle shall be adequately protected against collision by bumpers or similar means.

(2) On tank vehicles constructed hereafter, all closures for filling openings shall be protected from damage in the event of overturning of the tank vehicle by being enclosed within the body of the tank, or a dome attached thereto,

or by the use of suitable metal guards securely attached to the tank or the frame of the tank vehicle.

f. Lighting—No lighting device other than electric lights shall be used on tank vehicles. Lighting circuits shall have suitable overcurrent protection (fuses or automatic circuit breakers). The wiring shall have sufficient carrying capacity and mechanical strength, and shall be secured, insulated and protected against physical damage, in keeping with nationally recognized good practice.

g. Full Trailers and Semi-Trailers:

(1) Trailers shall be firmly and securely attached to the vehicle drawing them, in a manner conforming with accepted engineering practice.

(2) Every full trailer and semi-trailer shall be equipped with reliable brakes on all wheels, and adequate provision shall be made for their efficient operation from the driver's seat of the vehicle drawing the trailer, or semi-trailer.

(3) Trailer connections shall be such as to prevent the towed vehicle from whipping or swerving from side to side dangerously or unreasonably and shall cause the trailer to follow substantially in the path of the towing vehicle.

h. Marking: Each tank vehicle used for transportation of any flammable liquid, regardless of the quantity being transported, or whether loaded or empty, shall be conspicuously and legibly marked on the front and rear thereof, in letters at least 3 inches high on a background of sharply contrasting color, optionally as follows:

(1) With a sign or lettering on the motor vehicle with the word "Flammable."

(2) With the common name of the flammable liquid being transported.

i. Fire Extinguishers:

(1) Each tank vehicle shall be

provided with at least one portable fire extinguisher having at least a 12-B, C rating or when more than one is provided each extinguisher shall have at least a 6-B rating.

(2) Fire extinguishers shall be kept in good operating condition at all times, and they shall be located in an accessible place on each tank vehicle.

j. Operation of Tank Vehicles:

(1) Drivers shall be thoroughly instructed in the proper method of operating tank vehicles.

(2) Tank vehicles shall not be operated unless they are in proper repair, devoid of accumulation of grease, oil or other flammables, and free of leaks.

(3) Dome covers shall be closed and latched while the tank vehicle is in transit.

(4) No tank vehicle shall be operated with a cargo temperature above the maximum allowable cargo temperature specified on the warning side required by subsection 5, b (3).

(5) No material shall be loaded into or transported in a tank vehicle at a temperature above its ignition temperature, unless properly safeguarded in an approved manner.

(6) Flammable liquid with a vapor pressure of 18 psia or over at 100°F, shall be loaded only into cargo tanks constructed in accordance with this section. Flammable liquid shall be loaded only into the cargo tanks whose material used in construction shall be compatible with the chemical characteristics of the liquid. The flammable liquid being loaded shall also be compatible with the liquid hauled on the previous load unless the cargo tank has been cleaned.

k. Filling and Discharging Tank Vehicles:

(1) The driver, operator or attendant of any tank vehicle shall not

leave the vehicle while it is being filled or discharged. Delivery hose, when attached to a tank vehicle shall be considered to be part of the tank vehicle.

(2) Motors of tank trucks or tractors shall be shut down during making and breaking hose connections. If loading or unloading is done without the use of a power pump, the tank truck or tractor motor shall be shut down throughout such operations.

(3) The cargo tank shall be bonded to the fill-stem or some part of the rack structure electrically interconnected with the fill-stem piping, except tank vehicles handling asphalt, tank vehicles loading any flammable liquid through bottom connections, and tank vehicles used exclusively for transporting liquids having flash points above 70°F.

(4) The bond-wire connection shall be made prior to opening the dome covers. It shall be maintained in place during the entire filling operation and the dome cover shall be securely closed before the bond-wire is disconnected from the cargo tank.

(5) No external bond-wire connection nor bond-wire integral with a hose are needed for the unloading of flammable liquids into underground tanks.

(6) No cargo tank or compartment thereof used for transportation of any flammable liquid or asphalt shall be loaded liquid full. The vacant space (outage) in a cargo tank or compartment thereof used in the transportation of flammable liquids or asphalt shall be not less than one per cent; sufficient space (outage) shall be left vacant in every case to prevent leakage from or distortion of such tank or compartment by expansion of the contents due to the rise in temperature in transit.

(7) Simultaneous delivery to underground tanks from two or more hoses shall be made by means

of tight connections between each hose and the fill pipe.

(8) Cargo tanks shall be free of all water before they are loaded with hot asphalt.

#### 1. Ignition Sources:

(1) Smoking by tank vehicle drivers, helpers, repairmen, or other personnel is prohibited while they are driving, making deliveries, filling or making any repairs to tank vehicles.

(2) Open flames shall not be used near manholes or vents.

#### m. Protection Against Intermixing:

(1) Conversion—No tank vehicle, nor any compartment thereof which has been utilized for liquids having flash points below 70°F. shall be loaded with liquids having flash points of 70°F. or above until such tank or compartment and all piping, pumps, meters and hose connected thereto have been completely drained. A tank, compartment, piping, pump, meter or hose which does not drain completely shall be flushed at the loading point to clear any residue of the flammable liquid from the system.

(2) Separation — Tank vehicles transporting liquids with a flash point below 70°F. in one or more compartments and liquids with flash points of 70°F. or above in another compartment or compartments shall be equipped with separate piping, pumps, meters and hoses for each class or product, except that existing tank vehicles may be continued in use without being so equipped if:

(a) Lines to the common outlet or manifold are provided with interlocking selective valves which will permit only one compartment at a time to be emptied;

(b) The common outlet is provided with drainage facilities and shall be drained of any residue of the more flammable

liquids before being used for the less flammable liquid;

- (c) The aggregate volume of the common outlet or manifold shall not exceed one gallon.

n. Parking and Garaging:

(1) No tank vehicle shall be left unattended on any street, highway, avenue or alley, provided that this requirement shall not prevent a driver from the necessary absence from the truck in connection with the delivery of his load, except that during actual discharge of the liquid some responsible person shall be present at the vehicle, nor shall it prevent stops for meals during day and night if the street is well lighted at point of parking.

(2) Tank vehicles containing flammable liquids shall not be parked out of doors at any one point for longer than one hour, except off the streets, and at least 25 feet from any building used for assembly, institutional or residential occupancy.

(3) Tank vehicles shall not be parked or garaged in any building unless:

(a) the building has been specifically approved for such use by the Chief of the Fire Prevention Division, Bureau of Fire, and

(b) the owner, lessee, tenant or agent of any such building or part thereof has obtained a certificate of occupancy pursuant to the provisions of the Building Code and such certificate is prominently displayed therein.

o. Area Restriction—Cargo tanks and tank vehicles with a capacity exceeding 2000 gallons are prohibited within the downtown area at any time between the hours of 1:00 A.M. and 5:00 A.M. either Eastern Standard Time or Daylight Savings Time, whichever is in effect, provided that this restriction shall not apply to

the Penn-Lincoln Parkway or to the Duquesne Boulevard underpass, or to the Point Interchange between that underpass and the Fort Pitt Bridge.

Whereas, The Stadium Authority of the City of Pittsburgh was organized by the City of Pittsburgh for the purpose, among others, of acquiring, constructing, leasing and operating a new public stadium and the land and facilities necessary and incident thereto; and

Whereas, The City has determined that a new public stadium is necessary and desirable for the benefit of the people of the City of Pittsburgh, and has requested the Stadium Authority to undertake the construction of a new public stadium, on a site to be acquired by the City, and to provide facilities necessary or incident to such a stadium, including off-street parking; and

Whereas, The proposed new stadium will be one of the major projects in the redevelopment of the North Side section of the City; and

Whereas, In order to enable the Authority to secure the necessary funds for

the Stadium Project pending the issuance and sale of bonds by the Stadium Authority, and in order ultimately to enable the Stadium Authority to issue bonds to finance the construction of the Stadium Project, it is necessary that the City agree to make annual grants from current revenues to the Authority to assist in defraying any deficiencies in the funds available to pay the cost of debt service for any bonds issued by the Authority and the cost to the Authority of operation and maintenance of the Stadium Project and to make provision for the repayment of the loan made by the Stadium Authority; and

Whereas, Section 10 of the Public Auditorium Authorities Law of July 29, 1953, P. Whereas, The entering into of this Agreement between the City and the Stadium Authority will be in the best interests of the people of the City by enabling the Stadium Authority to carry out the purposes for which it was created; Now, Therefore,

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor and the Director of the Department of Parks and Recreation of the City of Pittsburgh be and they are hereby authorized and directed to enter into an Agreement with the Stadium Authority of the City of Pittsburgh, providing that the Authority borrow funds for the Stadium Project under certain conditions set forth in the Agreement, and providing for the making by the City of annual grants from current revenues to the Stadium Authority to assist in defraying any deficiencies in the funds available to pay the cost of debt service for any bonds issued by the Stadium Authority and in the cost to the Stadium Authority of operation and maintenance of the Stadium Project, and providing for the repayment of the loan made by the Stadium Authority. The Agreement shall be subject to the approval of the City Solicitor, and shall be in substantially the following form:

#### ARTICLES OF AGREEMENT

THIS AGREEMENT made as of the \_\_\_\_\_ day of \_\_\_\_\_ in the year One Thousand Nine Hundred Sixty-five (1965)

by and between

STADIUM AUTHORITY OF THE CITY OF PITTSBURGH (hereinafter called "Authority"), a public body corporate and politic, exercising public powers of the Commonwealth of Pennsylvania as an agency thereof, organized and existing under and by virtue of the Act of the General Assembly of the Commonwealth of Pennsylvania, approved July 29, 1953, P. L. 1034, as heretofore and hereafter amended (hereinafter called the "Act"), party of the first part

and

CITY OF PITTSBURGH (hereinafter called "City"), a political subdivision created and existing under and by virtue of the laws of the Commonwealth of Pennsylvania, party of the second part

#### WITNESSETH:

Whereas, The Authority was organized by the City, pursuant to the Act, for the purposes set forth in the Act, including, among other things, acquiring by lease or otherwise, holding, owning, constructing, improving, maintaining,

operating and leasing public stadia and land and facilities necessary or incident thereto; and

Whereas, The City has determined that a public stadium is necessary for the benefit of the people of the City and of the Commonwealth of Pennsylvania for the reason that, among other things, it will increase their commerce and prosperity and promote their educational, cultural, physical, civic, social and moral welfare; and

Whereas, The City proposes to acquire a site and has requested the Authority to undertake the construction thereon of a public stadium (hereinafter called the "Stadium") and facilities necessary or incident thereto, including off-street parking (hereinafter called the "Parking Facilities"), all of which is hereinafter called the "Project"; and

Whereas, It is intended that the Authority secure the necessary funds for the Project, pending the issuance and sale by the Authority of its revenue bonds (hereinafter called the "Bonds") by borrowing not to exceed Twenty-eight Million Dollars (\$28,000,000) in the aggregate from Mellon National Bank and Trust Company, Pittsburgh National Bank, and such other banks as may participate in the lending of such amount (hereinafter called the "Banks"), under a Loan Agreement in the form submitted to the City at or prior to the execution hereof, which is hereby in all respects approved, such Loan Agreement being incorporated herein by reference thereto; and

Whereas, The Authority proposes to issue its Bonds in the amount of the estimated total cost of the Project, including bond discount, if any, all such Bonds to mature over a period of not more than forty (40) years after the date of issue thereof in such amounts that the annual debt service thereon shall be approximately equal; and

Whereas, The City has requested the Authority to undertake to secure commitments from proposed lessees of the Project for terms of forty (40) years from the date of the completion of the Project with annual minimum rentals sufficient to defray the estimated cost to the Authority of operation and main-

tenance of the Project and debt service on the Bonds over such forty (40) year period; and

Whereas, The Authority has received such commitments from Pittstad Management Corporation and Public Parking Authority of Pittsburgh on terms and conditions satisfactory to the City; and

Whereas, The Authority has caused to be prepared by Deeter & Ritchey, Michael Baker, Jr., Inc., and The Osborn Engineering Company (hereinafter called "Architect-Engineers"), a design plan of the Project which has been approved by the Planning Commission and Art Commission of the City of Pittsburgh and by the Urban Redevelopment Authority of Pittsburgh; and

Whereas, The Architect-Engineers have estimated the physical construction cost of the Project to be Twenty-three Million One Hundred Fifty Thousand Dollars (\$23,150,000), exclusive of the cost of the scoreboard and related facilities estimated at from Six Hundred Thousand Dollars (\$60,000) to One Million Dollars (\$1,000,000) and exclusive of estimated expenses of Three Million Five Hundred Eighty-five Thousand Dollars (\$3,585,000) prior to and during the construction period for contingencies and architect fees and operating expenses and in connection with the issuance of the Bonds; and

Whereas, The Architect-Engineers are preparing detailed working drawings and specifications for the Project and have estimated that the same will be completed on or about December 31, 1965, at which time the Authority intends to advertise, in accordance with the provisions of the Act, for firm fixed proposals for the construction of the Project; and

Whereas, The City and the Authority believe that it would be advisable for the Authority to borrow at this time for purposes of the Project the amount of Twenty-Eight Million Dollars (\$28,000,000) under the above mentioned Loan Agreement with the Banks, One Million Dollars (\$1,000,000) of which borrowing (in addition to amounts used to pay interest on the amount borrowed from the Banks) the Authority would

be permitted to invest and use for expenses in connection with the Project prior to receiving firm fixed proposals for the construction of the Project, and the balance of Twenty-seven Million Dollars (\$27,000,000) of which borrowing the Authority would be permitted to invest but would not be permitted to use for proceeding with the construction of the Project until the Authority had entered into leases with Pittstad Management Corporation and with Public Parking Authority of Pittsburgh, and Pittstad Management Corporation shall have entered into subleases with Pittsburgh Athletic Company, Inc., and with Pittsburgh Steelers Football Club, Inc., and Public Parking Authority of Pittsburgh shall have entered into a sublease with Alco Parking Corporation, all such leases and subleases being in form and content satisfactory to City Council, and until there had been a determination by City Council, on the basis of such firm fixed proposals, that the aggregate amount of the annual minimum rentals provided for under the above-mentioned leases between the Authority and Pittstad Management Corporation and the Authority and Public Parking Authority of Pittsburgh will provide sufficient funds for the estimated annual cost to the Authority of the operation and maintenance of the Project and of debt service on the Bonds; and

Whereas, As set forth in the Act, in acquiring and constructing the Project the Authority will be exercising public powers of the Commonwealth of Pennsylvania as an agency thereof; and

Whereas, The City desires to make annual grants from current revenues to the Authority to assist in defraying the cost to the Authority of operation and maintenance of the Project and debt service on the Bonds in the event and to the extent that total funds available to the Authority are insufficient for that purpose; and

Whereas, The Authority and the City have been advised and believe that the entering into of this Agreement between the Authority and the City is desirable in order to enable the Authority to carry out the purposes for which it was created;

Now, Therefore, The parties hereto,

intending to be legally bound hereby, covenant and agree as follows:

Section A 1. The Authority shall forthwith proceed upon the execution hereof to borrow funds under the Loan Agreement with the Banks and use such funds in accordance with the terms and provisions of such Loan Agreement. The Authority shall enter into leases with Pittstad Management Corporation and Public Parking Authority of Pittsburgh, and Pittstad Management Corporation shall enter into subleases with Pittsburgh Athletic Company, Inc., and with Pittsburgh Steelers Football Club, Inc., and Public Parking Authority of Pittsburgh shall enter into a sublease with Alco Parking Corporation, all such leases and subleases being in form and content satisfactory to City Council, and shall deliver to the City one complete set of the final plans and specifications of the Project for approval by City Council prior to the time that firm fixed proposals for the construction of the Project are solicited by the Authority. Upon a determination by City Council, on the basis of such firm fixed proposals for the construction of the Project, that the aggregate amount of the annual minimum rentals provided for under the above-mentioned leases between the Authority and Pittstad Management Corporation and the Authority and Public Parking Authority of Pittsburgh will provide sufficient funds for the estimated annual cost to the Authority of the operating and maintenance of the Project and of debt service on the Bonds, the Authority shall use its best efforts to acquire, construct and equip the Project, or cause the same to be acquired, constructed and equipped, as soon as practicable thereafter.

A 2. The City shall have the right from time to time during the construction of the Project to inspect, through its properly designated agents, representatives and employees, the conduct of the work for the purpose of determining compliance with the plans and specifications. Any changes, modifications or additions to the plans and specifications which would materially increase the cost of the Project, or any material changes in the amounts to be paid to contractors, or in the method of payment to contractors, including but not limited

to releases of retained percentages, shall be subject to the prior approval of City Council.

A 3. The Authority shall maintain or cause to be maintained insurance upon the Project against fire and other hazards as are customarily insured against, in such amount or amounts, and not less than eighty per cent (80%) of the replacement cost in the case of fire insurance, as shall be satisfactory to the City, the Authority to be named insured thereunder. In the event that any part or all of the Project shall be wholly or partially destroyed by fire or other casualty which has been insured against, the Authority shall take all reasonable action and do all reasonable things or cause the same to be taken and done and shall cooperate in the taking of all such action and the doing of all such things which may be necessary or advisable to enable recovery to be made upon the policies of insurance covering the fire or other casualty in order that the insurance moneys may be duly collected. In the event that any part or all of the Project shall be wholly or partially destroyed by fire or other casualty which has been insured against, the Authority shall take all reasonable action and do all reasonable things or cause the same to be taken and done and shall cooperate in the taking of all such action and the doing of all such things to rebuild or replace such part or all of the Project but only to the extent of the proceeds of the insurance collected for such destruction.

A 4. The Authority shall maintain or cause to be maintained general public liability insurance on the Project against claims for and personal injury, death and property damage occurring on, in or about the Project, such insurance to have minimum liability limits of Five Hundred Thousand Dollars (\$500,000) for personal injury to or death of one person and Three Million Dollars (\$3,000,000) for personal injury to or death of two or more persons in each occurrence and One Million Dollars (\$1,000,000) for damage to property resulting from any occurrence, the Authority and the City to be named insureds thereunder.

A 5. The Authority shall maintain or cause to be maintained boiler and pressure vessel explosion insurance in the

event that any boiler is located in any building or structure constituting a part of the Project, in which event such insurance shall have minimum liability limits of Five Hundred Thousand Dollars (\$500,000), with respect to all boilers and pressure vessels in any building or structure constituting a part of the Project.

A 6. All insurance provided for hereunder shall be effected under a valid and enforceable policy or policies issued by an insurer or insurers not unsatisfactory to the City.

A 7. The Authority shall furnish to the City a copy of the annual audit of the Authority at the end of each of its fiscal years during the duration of this Agreement beginning with the current fiscal year.

A 8. The Authority shall furnish to the City a copy of the proposed budget of the Authority and any revision or revisions thereof at least thirty (30) days prior to the adoption of such budget or any such revision or revisions thereof by the Authority for each of its fiscal years during the duration of this Agreement, beginning with the proposed budget for the Authority for its next fiscal year, and the Authority shall not adopt such budget or such revision or revisions thereof until approved by the City. Unless the City shall disapprove of such proposed budget or any revision or revisions thereof within thirty (30) days after receiving the same from the Authority the City shall be deemed to have approved the same. The Authority shall furnish to the City a Copy of each budget as adopted by the Authority.

A 9. The Authority shall not alter or amend in any manner whatsoever the above-mentioned lease agreements with Pittstad Management Corporation or Public Parking Authority of Pittsburgh, or permit the alteration or amendment in any manner whatsoever of the above-mentioned sublease agreements with Pittsburgh Athletic Company, Inc., Pittsburgh Steelers Football Club, Inc., and Alco Corporation, or enter into substitute lease agreements for the management of the Stadium or for the use of the Parking Facilities, or permit the entering into of substitute sub-lease

agreements for the use of the Stadium or for the use of the Parking Facilities, without the prior written approval of City Council.

Section B 1. The City shall, upon the execution of this Agreement, proceed to acquire a site for the Stadium Project and lease it to the Authority for a term of not less than fifty (50) years commencing not later than the letting of contracts for construction of the Stadium.

B 2. The City shall pay out of current revenues to the Authority, or its assigns, an annual grant for each calendar year consisting of the amount, if any, by which the aggregate cost to the Authority, in such calendar year, of operation and maintenance of the Project and debt service on the Bonds exceeds the total funds available to the Authority for those purposes. Payment of this amount, insofar as cost of debt service on such Bonds is concerned, shall be made by the City in such calendar year at least five (5) days prior to the semi-annual principal or interest payment dates on such Bonds, and, insofar as cost of operation and maintenance of the Project are concerned, shall be made by the City in such calendar year at such time or times as shall be agreed to between the Authority and the City. As used herein the term "debt service" with respect to the Bonds shall mean the aggregate amount required in any calendar year to be paid on account of principal of, and interest on, such Bonds and to be deposited to the credit of any sinking, purchase or analogous fund established for such Bonds; provided, however, that such debt service in respect of any calendar year shall be determined after projecting the operation of such fund with regard to the retirement of Bonds by redemption and giving effect to the reduction in the payments to be made in each year in respect of the principal of and interest on such Bonds by reason of such retirement by redemption.

B 3. The City shall appropriate for each calendar year the amount, if any, by which the total funds (excluding therefrom the estimated operating revenues for such year) available in such calendar year to pay the cost to the Authority of the operation and maintenance of the Project and debt service on

the Bonds are less than the cost to the Authority of such operation, maintenance and debt service. In the event that any annual grant due hereunder for any year is not entirely paid when due out of current revenues of the City for such year, the balance of such annual grant shall be paid out of the City's current revenues of the next succeeding year of years, and the City shall include such unpaid balance in its appropriation for such year or years.

B 4. So long as any of the Bonds are outstanding, the annual grants provided for hereunder shall be made in accordance with the provisions hereof irrespective of whether or not there shall be for any reason whatsoever a delay in the acquisition and construction of the Project, and irrespective of whether or not the Project shall be completed or any of the structures or improvements constituting part of the Project shall have been wholly or partly destroyed, and irrespective of the taking of the Project or any part thereof by condemnation or otherwise, and irrespective of the lawful prohibition of the Authority's use thereof, the interference with such use by any private person or corporation, or any eviction by paramount title, it being the intention of the parties hereto that at such time as the Bonds shall have been issued and so long as they shall remain outstanding there shall be no termination or abatement of the obligation of the City to make annual grants as aforesaid for any cause whatsoever, whether similar or dissimilar to any of the foregoing, any present or future law to the contrary notwithstanding.

B 5. In the event that any such annual grants shall be made by the City to the Authority, or assigns, the City shall be entitled to repayment of the amount of such annual grants from revenues of the Authority to the extent that the same are not required for operation and maintenance of the Project and debt service on the Bonds. in accordance with provisions to that effect to be included in the lease from the Authority to Pittstad Management Corporation and in the Indenture securing the Bonds.

B 6. In the event that for any reason whatsoever it shall be determined by

City Council that the Authority shall not proceed with the construction of the Project, the City shall pay to the Banks, or arrange to the satisfaction of the Banks for payment of, within thirty (30) days after such determination, all amounts due by the Authority to the Banks under the Loan Agreement which have not theretofore been paid by the Authority to the Banks.

B 7. The City shall, to the extent that it may legally do so, impose upon all community antenna television systems, franchised or licensed by the City, restrictions upon the telecasting of an event which is the same as, or similar in nature to, an event taking place at the Stadium, unless such telecast shall be either pay or free television of a home game of a team playing in the Stadium, or of a game of other teams televised into the Pittsburgh area where the team using the Stadium on the day of such telecast participates in revenues received by reason of the telecast of such other game.

Section C 1. The Authority shall have the right to assign all of its right, title and interest in and to this Agreement to the Trustee under the Indenture securing the Bonds, and the City hereby consents to such assignment, and upon receipt of written notice thereof from the Authority, agrees to pay or cause to be paid in accordance with such assignment all annual grants, if any, provided for hereunder.

Section D 1. The Authority shall, upon completion of the Project, undertake a study to determine the manner in which the Project site shall be further improved and developed and, as soon as practicable thereafter, shall proceed to further improve and develop the Project site for the purpose of producing additional revenues to the Authority pursuant to and in accordance with the terms and provisions of the above-mentioned lease agreement between the Authority and Pittstad Management Corporation, each such improvement and development to be subject to the approval of the Urban Redevelopment Authority and of City Council.

Section E 1. This Agreement shall take effect immediately upon its execution by the parties hereto and shall continue until the Authority shall have paid, or

shall have deposited with the Trustee under the Indenture securing the Bonds, sufficient funds, otherwise unencumbered, to pay all principal and interest and expenses of redemption, if any, upon the Bonds.

Section F 1. This Agreement has been authorized on the part of the Authority by resolution of its Board of Directors duly adopted at a meeting held June -----, 1965.

F 2. This Agreement has been authorized on the part of the City of Pittsburgh by Ordinance No. ----- approved on June -----, 1965, recorded in Ordinance Book Volume -----, page -----, and published all in accordance with law.

## No. 248

**AN ORDINANCE**—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into an agreement with the Borough of West Homestead whereby the City may connect with the sanitary sewage system of the Borough and make use of the same for the disposal of the City's sanitary sewage from the Maple Crest Plan of Lots in the 31st Ward.

*The Council of the City of Pittsburgh hereby enacts as follows:*

Section 1. That the Mayor and the Director of the Department of Public Works be and are hereby authorized, on behalf of the City of Pittsburgh, to enter into an agreement with the Borough of West Homestead whereby the City may connect with the sanitary sewage system of the Borough and make use of the same for the disposal of the City's sanitary sewage from the Maple Crest Plan of Lots in the 31st Ward in substantially the following form:

### A G R E E M E N T

Made the ----- day of ----- 1965, between the BOROUGH OF WEST HOMESTEAD, a Municipal Corporation of the State of Pennsylvania, hereinafter referred to as the "borough," party of the first part,

### A N D

THE CITY OF PITTSBURGH, a Municipal Corporation of the State of Penn-

sylvania, hereinafter referred to as the "City," party of the second part.

WITNESSETH:—

Whereas, The Borough of West Homestead lies adjacent to the City of Pittsburgh, and

Whereas, The Borough has constructed a sanitary sewage system, which runs through the area located in the Borough known as Calhoun Village, and which drains into a main sewage trunk line known as Forrest Avenue Sanitary Sewer, which sewage system is in the vicinity of West Run Road in said Borough, and which sewer system discharges into the Service Area of the Allegheny County Sanitary Authority, and

Whereas, A plan of lots known as Maple Crest Plan of Lots has been laid out in the 31st Ward of the City of Pittsburgh, which plan of lots lies adjacent to the Calhoun Village Area of the Borough of West Homestead, said plan of lots consisting of an area of approximately forty (40) acres upon which the construction of approximately one hundred forty (140) single dwellings within the next few years is contemplated, and

Whereas, The said Maple Crest Plan of Lots has no other system in which to drain and dispose of its sanitary sewage except the sewage system in the Borough aforementioned, and

Whereas, It has been determined that the Borough sanitary sewage system aforementioned as now constructed is large enough to take care of the City's sanitary sewage from the territory aforementioned and limited to said territory alone.

Now, Therefore, In order to permit the City to connect with the said Borough sanitary sewage system and make use of the same for the disposal of its sanitary sewage from the said Maple Crest Plan of Lots, the City agrees as follows:

1. To pay or cause to be paid to the Borough the sum of Seventy-Five (75c) cents per front foot of each and every lot upon which a single family dwelling is erected for the privilege of connecting with the Borough Sanitary Sewage Sys-

tem at a point or points agreeable to both parties as determined by the Engineers of said respective parties.

2. In addition to the foregoing, the City agrees to pay to the Borough Forty percent (40%) of the entire cost as its proportionate share of the cost that may be due for repairs of that portion of the West Homestead Borough sewage system caused by storms, breaks, cloggings, etc., as shown on the attached Plan Exhibit "A" identified as West Homestead Borough Calhoun Village and shaded green. The parties hereto agree that in the event repairs are required to the aforesaid Borough Sewer Line no repairs will be made without the knowledge and consent of the City of Pittsburgh and in no event will repairs be made without solicitation of bids and the letting of a firm contract to the lowest bidder. The parties hereto further agree that in the event repairs are required to the connecting joints at the points of intersection or to the sewer lines located in the City of Pittsburgh, said repairs will be made by the City of Pittsburgh and at its sole cost and expense.

3. The sewer connection or connections with the Borough Sewage System shall be made by the City of Pittsburgh at the entire cost and expense of the City.

4. The Engineer of the Borough of West Homestead shall have complete control over the sizes and kind of pipes to be used in the connections, and the manner of laying pipes and connecting joints at the points of intersection. The same formalities are required in case of repairs as are required in making original connections; and no such connections shall be constructed or made until plans and specifications have been submitted to the Sanitary Water Board and approved in accordance with the provisions of the Act of Assembly providing for such approval and then approved by the Engineer of the Borough of West Homestead.

5. In making connections, the City agrees that all trenches shall be entirely protected and safeguarded by barriers and lights and refilled and tamped to the same condition as before opening, and so maintained, and the City of Pittsburgh and the Contractor shall be joint-

AND

THE CITY OF PITTSBURGH, a Municipi-

pal corporation of the Commonwealth of Pennsylvania, hereinafter called "Grantee."

WITNESSETH:

Whereas, For many years the Grantee maintained an eight (8) inch water line and fire hydrant over premises of the Grantor in the 26th Ward of the City of Pittsburgh, Allegheny County, Pennsylvania, although no easement for said line or hydrant was ever, to the knowledge of the parties, executed and recorded, a portion of said water line being designated on the print attached hereto and made a part hereof as "old location of 8" water line"; and,

Whereas, The Grantor has constructed for the Grantee a new eight (8) inch water line to replace a portion of the old line referred to above, and has relocated the aforementioned hydrant, with the understanding with the Grantee that it would grant an easement for the newly constructed line and the relocated hydrant and the Grantee would surrender its rights in a portion of the old line and the old location of the hydrant; and,

Whereas, Said new eight (8) inch water line has been constructed and the hydrant has been relocated in accordance with the requirements of the City of Pittsburgh and has met with the approval of the Director of the Department of Water of the City of Pittsburgh.

Now, Therefore, The Grantor, for and in consideration of the sum of \$1.00 to it paid and other valuable consideration as hereinafter set forth, does hereby grant and convey to the Grantee an easement or right-of-way for an eight (8) inch water line and fire hydrant over premises of the Grantor in the 26th Ward of the City of Pittsburgh, Allegheny County, Pennsylvania.

Said relocated water line beginning at a point approximately 373 feet from the southerly boundary of Romanhoff Street, said point being also the relocation of the fire hydrant, and running to a point approximately 85 feet from the westerly boundary of Varley Street,

together with all the right, title and interest which the Grantor may have in and to said new eight (8) inch City water line and relocated fire hydrant; also together with the right to enter upon the premises of the Grantor to maintain and repair such line and fire hydrant.

The Grantee, for and in consideration of the grant of the easement aforesaid, hereby surrenders and releases to the Grantor any rights which the Grantee may have to maintain a water line over said premises along the route indicated by broken line as "old location 8" water line," or to maintain a fire hydrant on said premises at a point indicated as "old location fire hydrant" on said print attached hereto, together with any and all the right, title and interest which the Grantee may have in and to said old line.

The Grantor hereby agrees to indemnify and save harmless the Grantee against any and all claims, demands, causes or causes of action which may arise as a result of the instillation and relocation of the new eight (8) inch water line or installation and relocation of the fire hydrant.

Should any meter be in such condition that it cannot be repaired or that its repair will require its removal for more than one (1) day, the CITY shall install in the place of the defective meter a new meter, which shall be supplied by the AUTHORITY for that purpose.

3. The CITY, through its Department of Public Works, shall, from time to time and as often as may be reasonably necessary, clean the parking lot premises with motorized street sweepers or by other effective methods, so that the parking lot may be maintained in a clean and sanitary condition and at least as clean and sanitary as the surrounding streets of the CITY.

Every employer shall furnish a copy of the individual return to the employee for whom it is filed.

(d) Every employer who discontinues business prior to December 31, 1966, shall, within fifteen (15) days after the discontinuance of business, file the returns hereinabove required and pay the tax due.

#### Section 5. Powers and Duties of Treasurer.

(a) It shall be the duty of the Treasurer to collect and receive the taxes, fines and penalties imposed by this ordinance. It shall also be his duty to

keep a record showing the amount received by him from each person paying the tax and the date of such receipt.

(b) The Treasurer is hereby charged with the administration and enforcement of the provisions of this ordinance, and is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provisions for the reexamination and correction of declarations and returns, and of payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred, and to prescribe forms necessary for the administration of this ordinance.

Every employer or supposed employer, and every taxpayer or supposed taxpayer, is hereby directed and required to give to the Treasurer, or to any agent designated by him, the means, facilities and opportunity for such examinations and investigations, as are hereby authorized.

(d) Any information gained by the Treasurer, his agents, or by any other official or agent of the City of Pittsburgh, as a result of any declarations, returns, investigations, hearings or verifications required or authorized by this ordinance, shall be confidential, except for official purposes and except in accordance with a proper judicial order, or as otherwise provided by law.

(e) Any person aggrieved by any action of the Treasurer shall have the right to appeal as provided by law.

#### Section 6. Suit for Collection of Tax.

(a) The Treasurer may sue for the recovery of taxes due and unpaid under this ordinance.

(b) Any suit brought to recover the tax imposed by this ordinance shall be begun within six (6) years after such

tax is due, or within six (6) years after the declaration or return has been filed, whichever date is later. Provided, however, that this limitation shall not prevent the institution of a suit for the collection of any tax due or determined to be due in the following cases:

(1) Where no declaration or return was filed by any person although a declaration or return was required to be filed by him under provisions of this ordinance.

(2) Where an examination of the declaration or return filed by any person, or of other evidence relating to such declaration or return in the possession of the Treasurer, reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of taxes deducted and of actual or estimated net profits or earnings.

(3) Where any person has deducted taxes under the provisions of this ordinance, and has failed to pay the amounts so deducted to the Treasurer.

#### Section 7. Interest and Penalties.

If for any reason the tax is not paid when due, interest at the rate of six per centum (6%) per annum on the amount of said tax, and an additional penalty of one-half of one per centum (1/2 of 1%) of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid, shall be added and collected. Where suit is brought for the recovery of any such tax, the person liable therefor shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed.

#### Section 8. Payment under Protest and Refunds.

The Treasurer is hereby authorized to accept payment under protest of the amount of tax claimed by the City in any case where any person disputes the validity or amount of the City's claim for the tax. If it is thereafter judicially determined by a court of competent jurisdiction that there has been overpayment to the Treasurer, the amount of the overpayment shall be refunded to the person who paid under protest. All refunds shall be made in conformance with the procedure prescribed in Ordinance No. 162, approved May 9, 1962.

#### Section 9. Applicability.

The tax imposed by this ordinance shall not apply:

(a) To any person as to whom it is beyond the legal power of the City of Pittsburgh to impose the tax herein provided for under the Constitution of the United States and the Constitution and laws of the Commonwealth of Pennsylvania.

(b) To institutions or organizations operated for public, religious, educational or charitable purposes, to institutions or organizations not organized or operated for private profit, or to trusts and foundations established for any of the said purposes.

This section shall not be construed to exempt any person who is an employer from the duty of collecting the tax at source from his employees and paying the amount collected to the Treasurer under the provisions of Section 4 of this ordinance.

#### Section 10. Fines and Penalties for Violation of Ordinance.

(a) Any person who fails, neglects or refuses to make any declaration or return required by this ordinance, any employer who fails, neglects or refuses to register or to pay the tax deducted from his employees, any person who refuses to permit the Treasurer or any agent designated by him to examine his books, records and papers, and any person who makes any incomplete, false or fraudulent return or attempts to do anything whatsoever to avoid the full disclosure of the amount of his net profits or earnings to avoid the payment of the whole or any part of the tax imposed by this ordinance, shall upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than Three Hundred Dollars (\$300.00) for each offense, and costs, and, in default of payment of said fine and costs to be imprisoned in the Allegheny County Jail or the Allegheny County Workhouse for a period not exceeding thirty (30) days.

(c) The penalties imposed under this section shall be in addition to any other penalty imposed by any other section of this ordinance.

(d) The failure of any person to receive or procure the forms required for making the declaration or returns required by this ordinance shall not excuse him from making such declaration or return.

#### Section 11. Severability.

The provisions of this ordinance are severable. If any sentence, clause or section of this ordinance is for any reason found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses or sections of this ordinance. Section 3. (a) On and after the effective date of this ordinance, it shall be unlawful for any producer to continue to conduct, or thereafter to begin to conduct, any form of amusement at any permanent or temporary place of amusement, or any itinerant form of amusement, within the City of Pittsburgh, unless an amusement permit or permits shall have been issued to him, the fees paid therefor as now prescribed by law, and the tax herein imposed paid in accordance with the provisions herein made.
